

## TILLMAN ADDS FINAL WORD OF HARMONY

Factional Differences Disappear in Process of Senate Organization

## TAKE ACTIVE CONTROL

Democrats Reorganize Committees and Assume Control of Executive Affairs

## SENATORS WORK IN HARMONY

WASHINGTON, MARCH 15.—With the declaration from their leader Senator Kern, that they proposed to make the senate "Democratic not only in name but in practical results," the Democrats today re-organized the committees of the senate and took active control of executive affairs in that body. Factional differences disappeared in the final processes of organization. Senator Tillman, who carried up to the party caucus earlier in the day his fight for the chairmanship of the appropriation committee voiced the final word of harmony in the senate when he was given the chairmanship of the naval affairs committee.

"I bow and cheerfully submit to that decision," he said.

In its re-organized form the senate is apparently entirely in the control of the forces considered most active in harmony with President Wilson. The fight began early in the last session by the so-called Progressive forces, evolved today a change of committees which gives the balance of power on all of the important committees to the forces which selected Senator Kern as party leader; and which are regarded as active supporters of the policies advocated by the president. The Democratic caucus today accepted without change the work of the steering committee as to the assignments of senators to committee places. Another caucus Monday will pass upon the scheme of the senate control that is to distribute power and give a majority of the Democrats on any committee the authority to control its affairs without regard to the wishes of the chairman. Senator Tillman made a final plea in the caucus to have his own name substituted for that of Senator Martin as chairman of the appropriations committee but he received little support. When the senate later adopted the committee lists, Senator Tillman made a brief statement.

"Under the rules of seniority which have always obtained here I was entitled to the chairmanship of the committee on appropriations," he said. "I asked for that committee, but my colleagues, in their wisdom—and I recognize that every man on the steering committee that selected the membership of this committee is my friend—thought that I had better retire into the stillwater for a while, and leave the battleships to go out in the open. I bow and cheerfully submit to that decision."

The personnel of the committee on inter-oceanic canals, of which Senator O'Gorman was made chairman, is such as to indicate that any legislation to repeal the Panama canal free tolls provision will meet strong opposition within the committee. In the last congress repeated efforts to have the committee approve a repeal bill were defeated largely through the efforts of Senators O'Gorman and Bristow.

A change by the Republican managers at the last moment took Senator Burton, of Ohio off the new committee on banking and currency and gave the place to Senator McLean of Connecticut. Senator Burton was returned to the committee on commerce on which he has been a leading figure.

The determination of the new banking and currency committee to begin work at once was evidenced by the adoption of a resolution in the senate today authorizing it to employ a clerk at \$3,000 a year. Senator Owen, the chairman will begin immediately the work of preparation of currency reform upon which President Wilson hopes for early action.

**STUDENTS GREET HOUSTON.**  
St. Louis, March 15.—Students and faculty of Washington university greeted their chancellor, David F. Houston, the secretary of agriculture when he arrived home today from the national capital. A large reception committee met him at the union station and escorted him to the university campus.

A loving cup was presented to Secretary Houston by the students. He will return to Washington Sunday night.

## ENDORSES STIMSON'S ACT.

Washington, March 15.—With the special purpose of bringing the Hawaiian garrisons up to their full strength as soon as possible, Secretary Garrison has endorsed one of the last acts of his predecessor, Secretary Stimson, directing the immediate recruitment of 2,000 men. Some difficulty is anticipated in securing the necessary recruits.

## SULLENS HELD ON KIDNAPING CHARGE

PRISONER IMPLICATES ERNEST HARRISON AS PARTNER IN CRIME

Sullens Admits He Attacked the Girl But Testified That the Original Plan Was to Kidnap Her and Hold Her For Ransom.

Salem, Ill., March 15.—Frank Sullens, who was saved from mob vengeance here last night by the efforts of Sheriff Purcell and deputies and by the arrival of four companies of national guard, was bound over to the grand jury today on a charge of kidnaping Dorothy Holt, the 16 year old daughter of Charles W. Holt, assistant state's attorney.

Ernest Harrison, who Sullens testified was implicated in the crime, also was bound over to the grand jury. Sullens was tonight taken to Mount Vernon, Ill., for safe keeping and Harrison will be taken to Vandalia, Ill., tomorrow.

Sullens at the preliminary hearing confessed that he attacked the girl, but testified that the original plan was to kidnap her and hold her for ransom. The court held the two men under the kidnaping charge as that crime is punishable by death.

Sullens said that the kidnaping and ransom plan was suggested to him by Harrison, who gave him five dollars to carry it out. In accordance with this plan, he captured the girl as she was returning home from a moving picture show. He said that he took her to a coal mine where Harrison had agreed to meet him, but that Harrison did not come and that then he took the girl to the slaughter pens, where he attacked her.

No trouble was experienced here today from the men who yesterday threatened to storm the jail. Sullens was well guarded, however, and when he was taken to the train, it was under the protection of national guardsmen.

## HYDRO-AEROPLANE WILL BE SUCCESS IN NAVAL WARFARE

Scores First Victory in Connection With Maneuvers of Fleet in Cuban Waters by Discovering Enemy at Sea.

Washington, March 15.—The hydro-aeroplane in naval warfare has scored its first victory in connection with the maneuvers of the Atlantic fleet in Cuban waters by discovering a supposed enemy far at sea and directing the fleet to the place. Lieut. John H. Towers and Ensign Godfrey de Chevalier of the navy aviation corps put out from Guantanamo bay just before sunset a report to the navy department tonight says, to scout for the supposedly hostile fleet. Weather conditions were bad there, being frequent rain squalls, three of which the aviators passed through successfully. After proceeding seaward some distance, the fleet of the enemy composed of five battleships and two scouts was discovered fifteen miles away. The aviation officers took observations of its location, course and speed without being detected. They returned to Guantanamo bay at dusk and reported to Rear-admiral Badger, commander-in-chief of the Atlantic fleet, who ordered out the torpedo boat destroyer flotillas, which engaged the enemy within an hour.

## ANOTHER FIRE SCARE AT BARTONVILLE ASYLUM

Second Fire Within Two Weeks Causes Alarm at State Hospital—Flames Extinguished With Damage Slight.

Peoria, Ill., March 15.—Another fire second within two weeks was experienced at the Illinois state hospital for the insane at Bartonville at 12:40 this morning when a nurse discovered flames eating their way between the first floor and the ceiling of the basement in Cottage Five-C in which one hundred and fifty female patients are quartered.

When the fire department arrived the building was filled with smoke. Work of removing the inmates was commenced but was stopped by the superintendent, Dr. George Zellner, when he found that the fire could be easily controlled. The flames were quickly extinguished and while some of the inmates suffered from smoke none were overcome.

A negro patient is blamed for the fire. Rags and papers had been packed between the floors and touched off.

The monetary loss is small.

## BRINGS FIRST CONVICTION.

New York, March 15.—The first conviction in the district attorney's crusade against grafters in the police department was obtained this afternoon. John J. Hartigan, a patrolman, was found guilty of perjury.

Hartigan acted as agent for high police officials to bribe witnesses against them to leave the state.

## GUILTY OF MURDER.

Hillsboro, N. C., March 15.—The three students of the University of North Carolina—Ralph Oldham, Will Merriman and Aubrey Ratch—were found guilty this afternoon of manslaughter in connection with the death of a fellow student, Will Rand, while the latter was being hazed last September. Each was sentenced to four months in jail.

## ACTRESS TELLS OF LIFE ON THE STAGE

Gives Testimony Before the Vice Commission in City of Peoria

## MINIMUM WAGE IS \$16

Gives Average Minimum Wage of Chorus Girls at \$16 Per Week—Actors \$25 to \$70

## AMBITIOUS GIRLS GO ON STAGE

PEORIA, ILL., MARCH 5.—Miss Jeanette Fullerton who acts "in stock" told the Illinois vice-commission here this afternoon about life on the stage.

The women employees of two shows playing here had been subpoenaed, but there was time only to hear Miss Fullerton.

The latter, from the quiet tone of her costume might have been a clerk, but she admitted that she was the leading woman of the company now playing here.

Miss Fullerton gave the average minimum wage of chorus girls as \$16 per week. Those who "read lines," she said, rarely receive less than \$25 a week.

"Reading lines," she explained, "means speaking parts. The average salary of actors and actresses 'reading lines' runs from \$35 to \$75 a week, she said.

There were stars who receive salaries running into the hundreds and thousands.

Chairman O'Hara has asked a great many women since the commission was instituted whether they were driven to the downward path by low wages. He asked Miss Fullerton whether women were ever driven to the stage by inadequate pay received in any branches of the endeavor.

## Girls Are Ambitious.

"Oh, no, most girls go on the stage because they are ambitious," she replied. "They feel that they have talent."

Thomas Greer, manager of a department store did not know the profits of his firm, but was sure that the firm could not pay a minimum wage of \$8 to its women employees without seriously interfering with the earnings of the house.

P. A. Berner, head of a department store, declared his belief that low wages have little to do with immorality among women.

"Ninety-five per cent of them go wrong because of men," he asserted. "Our better paid girls seem to be the ones more likely to go astray."

He expressed the opinion that a minimum wage scale for women would be disastrous. In the first place firms would hire only people who were worth the money, he asserted, the unskilled persons instead of getting \$4 or \$6 while learning as at present, wouldn't be hired at all. He thought such a law would throw more women on the street than under the present system. If you pass a minimum wage scale too high for us, and we won't hire incompetents at the rate you prescribe, what are you going to do with them?"

Chairman O'Hara didn't attempt to answer.

"The women of the town," who were examined invariably included low wages among the reasons for prostitution, but did not believe this was the sole cause. Georgia Hall, a denizen of the underworld for twenty-two years said that the main cause was the craving for girls for companionship. This craving left them open to the temptations of the world, she said. Another reason was unhappiness at home.

"G. B. inmate of a house, proved an unabashed witness. She fared the low wage theory of the commissioners by stating that she earned \$10 a week in a laundry, but left her position because her sister was earning more in a less clearly pursuit.

## OBSERVATIONS COMPLETED.

New Haven, Conn., March 15.—Observations during some twenty years for parallel or fixed stars have been completed at Yale observatory. They have included 238 stars of the northern hemisphere of the heavens.

The nearest to the earth of these stars observed and the nearest of all the stars of the hemisphere is one of the seventh magnitude invisible to the naked eye. Its distance in miles from the earth is represented by the figures of 46,000,000,000,000, denoted in astronomical terms by about eight light years. This means that light, which travels about 156,000 miles a second would require eight years to traverse the distance from this star to the earth.

## RICH MAN SUICIDES.

St. Louis, Mo., March 15.—Adolph S. Asher, wealthy member of a distillery brokerage firm, committed suicide here today while his wife was preparing to meet him at the union station where they had planned to take a train for Louisville, Ky. Asher shot himself while in his office shortly after telling his wife over the telephone to meet him at the union station.

## BRYAN WILL BE GUEST OF ASSEMBLY TUESDAY

SECRETARY OF STATE WILL BE IN SPRINGFIELD TUESDAY MORNING

Acceptance of Invitation to Deliver Address Before Joint Session of the Illinois Legislature is Received by Governor Dunne.

SPRINGFIELD, ILL., MARCH 15.—Secretary of State William J. Bryan will be the guest of the Illinois legislature next Tuesday morning. At noon on that day he will be entertained at luncheon at the executive mansion by Governor Dunne. In the afternoon he will depart, accompanied by Governor Dunne, for Lincoln, Neb., where he is to be feted by his fellow townsmen next Wednesday night.

A telegram accepting the invitation of the General Assembly to deliver an address before a joint session of the members was received by Governor Dunne this morning. It read as follows:

"Governor E. F. Dunne, Springfield, Ill., Please convey to the legislature my thanks for the invitation extended and say that I will be pleased to address them Tuesday forenoon. Not acquainted with train schedules. Must reach Lincoln, Neb., during afternoon of nineteenth instant."

Governor Deneen immediately notified the eighth members of the joint committee created by the legislature to make arrangements for the meeting in event Mr. Bryan would come. The committee, created under a resolution offered by Senator W. Duff Piery of Mt. Vernon, consists of Senators Piery, Hamilton, Andrus and Compton and Representatives Karch, Kane, Rapp and Jones.

The governor also issued invitations to the members of the joint legislative committee. Lieutenant Gov. O'Hara, Speaker McKinley and the elective officers and Mayor Schnepf of Springfield to attend a luncheon to be given for Mr. Bryan in the executive mansion at noon Tuesday.

It is probable that Mr. Bryan will leave Springfield at 3 o'clock Tuesday afternoon, going by way of St. Louis, and taking a train out of St. Louis at 9 o'clock Tuesday night for Lincoln, Neb. He will be accompanied from Springfield to Lincoln by Governor Dunne.

Governor Dunne has an engagement to speak at a St. Patrick's day banquet at the Irish Fellowship Club in Chicago next Monday night. He expects to leave Springfield at noon Monday for Chicago, fill his engagement in the evening and return to Springfield on a night train. Should Mr. Bryan come to Springfield, he will accompany him to Chicago.

Speaker McKinley left Springfield at 1 o'clock this afternoon for his home in Chicago. Before departing he was in conference with Governor Dunne for a short time. The speaker stated that he will be ready to announce the make-up of the committee on appropriations, judiciary, public utilities and contingent expenses when the legislature convenes next Tuesday.

## SMALL PERCENT OF DAIRYMEN SIGN CONTRACTS WITH MIDDLEMEN

Only Fifteen Per Cent of Dairymen in Vicinity of Elgin Sign Contracts at Terms Offered.

Elgin, Ill., March 15.—The contract day, on which milk producers and bottlers sign agreements for milk for the ensuing six months, failed to day to bring out more than 15 per cent of the dairymen in this vicinity it is estimated to sign contracts at the terms offered by the middlemen. The milk producers' association asks \$1.50 per hundred pounds for milk and the price offered by the bottlers is considerably below this.

## ISSUED WRIT OF SUPERSEDEAS.

Chicago, March 15.—Justice Carter of the Illinois supreme court today issued a writ of superdeas in favor of Mrs. Louise Lindloff, the Chicago woman recently sentenced to serve twenty-five years for poisoning her child. She is now in the county jail and will be allowed to remain there pending the disposition of an appeal of her case to the supreme court. The superdeas acts as a stay of sentence and prevents the removal of Mrs. Lindloff to the Joliet penitentiary.

## WANTS HAGUE TO DECIDE.

Julio Betancourt, the Colombian minister, to day called on Representative Flood of Virginia chairman of the house foreign affairs committee, in relations to the Colombian monetary claims in connection with the acquisition of the Panama canal zone. Senator Betancourt was anxious that congressional action be pressed at the extra session looking towards submitting the Colombian controversy to the Hague.

The entire Panama controversy has been before the foreign affairs of the house for more than a year, and an investigation has been proceeding under a resolution of Representative Rainey of Illinois. Representative Flood told the Colombian minister that no further hearings in the matter would be held until the regular session of congress next December. At that time the committee expects to conclude its investigation and make a report.

Representative Flood and several other members of the committee believe the Colombian claims should be submitted to a joint commission named by two governments rather than to the Hague tribunal.

## Complete Schedule Discussion.

The Democrats on the house committee on ways and means tonight completed consideration of most of the schedule matter of the tariff revision and are prepared to take up a fresh draft of the revision scheme Monday. The administration provisions and the income tax feature of the coming legislation have yet to be given serious consideration while the schedules all way down through the present law and the free list again will be scanned in a final way.

The free list with the possible exception of cattle and meats which were on the Democratic free list last year, will be substantially like the previous Democratic free list. Beyond admitting there had been substantial reductions all along the line, greater perhaps than anticipated.

## MAV CONSIDER WOMAN SUFFRAGE

Right of Women to Vote May be Brought Before Congress This Year

## TO SUBMIT AMENDMENT

Active Steps Will be Taken to Submit Amendment to Vote of the People

## OTHER WASHINGTON DOINGS

WASHINGTON, MARCH 15.—A constitutional amendment giving women the right to vote for president and vice-president probably will be brought formally before congress with the endorsement of a senate committee before the end of the present year. In the re-organization of its committee today the senate took the list of inactive for many years; increased its membership from five to nine, the majority of whom are advocates of suffrage for women and gave its chairmanship to Senator Thomas of Colorado, a suffrage state.

Senator Thomas said tonight he had accepted the chairmanship with the understanding that there would be active steps taken in this congress to submit a suffrage amendment to the people of the country for their approval. Senator Thomas will confer first with the national leaders in the suffrage movement, to determine what steps they desire to take. It is expected that the committee will begin the consideration of the suffrage question soon after the extra session convenes in April. As finally organized by the senate, the woman suffrage committee includes the following: Senator Thomas, Colorado, chairman; Senators Owen, Okla.; Ashurst, Ariz.; Ransdell, La.; Hollis, New Hampshire; Clapp, Minn.; Sutherland, Utah; Jones, Washington, and Catron, New Mexico.

Senator Jones is chairman of the special committee now investigating the failure of the police to properly protect the great suffrage parade in Washington, March 3.

"The proposal to give the women right to vote is the coming question," said Chairman Thomas today. "I have taken the chairmanship of this committee because I believe I can do some effective work to extend suffrage to the women of the country."

## Ask For Their Share.

Apparently and the impression that the Democrats will divide the nation's wealth among the people of the country several hundred people in letters received to day by George E. Roberts, director of the mint, applied for the \$34.72 which the treasury department estimates is per capita circulation of the United States. It was a revival of an old story, intended facetiously which was repeatedly denied during the Taft administration at \$34.72 apiece every individual in the country. Many of the applicants asked that the amount be forwarded by parcel post in pennies.

"The story of course, is absurd," said director Roberts and each applicant will be informed in a circular letter.

## Wants Hague to Decide.

Julio Betancourt, the Colombian minister, to day called on Representative Flood of Virginia chairman of the house foreign affairs committee, in relations to the Colombian monetary claims in connection with the acquisition of the Panama canal zone. Senator Betancourt was anxious that congressional action be pressed at the extra session looking towards submitting the Colombian controversy to the Hague.

The entire Panama controversy has been before the foreign affairs of the house for more than a year, and an investigation has been proceeding under a resolution of Representative Rainey of Illinois. Representative Flood told the Colombian minister that no further hearings in the matter would be held until the regular session of congress next December. At that time the committee expects to conclude its investigation and make a report.

Representative Flood and several other members of the committee believe the Colombian claims should be submitted to a joint commission named by two governments rather than to the Hague tribunal.

## Complete Schedule Discussion.

The Democrats on the house committee on ways and means tonight completed consideration of most of the schedule matter of the tariff revision and are prepared to take up a fresh draft of the revision scheme Monday. The administration provisions and the income tax feature of the coming legislation have yet to be given serious consideration while the schedules all way down through the present law and the free list again will be scanned in a final way.

The free list with the possible exception of cattle and meats which were on the Democratic free list last year, will be substantially like the previous Democratic free list. Beyond admitting there had been substantial reductions all along the line, greater perhaps than anticipated.

## WESLEYAN HURDLER BREAKS TRACK RECORD

JAMES WENDELL SETS NEW MARK FOR 50 YARD HIGH HURDLES

More Than 300 Athletes of Universities and Athletic Clubs Compete at Big Indoor Meet at St. Louis—Other Sporting News.

ST. LOUIS, MARCH 15.—James Wendell of Wesleyan university, after having finished first in the 50-yard high hurdle event, and being disqualified for knocking down his last hurdle, went into a second similar event and broke a western indoor track record, covering the jumps in 6.25 seconds, in the big indoor meet held at the Coliseum tonight under the auspices of the Missouri Athletic club.

More than 300 athletes competed, coming from eastern and middle western universities, athletic clubs, high schools and preparatory schools. The winners were:

600 yard handicap race—C. Mack, Central Y. M. C. A., St. Louis. Time, 1:16 2-5.

440 yard invitation run—E. J. Lindberg, Chicago A. A. Time, 53 3-5 seconds.

55 yard handicap run—R. E. Pease, Denver. Time, 1:05 4-5.

16 yard shot put—Paul Smith, Missouri A. C. Distance, 48 feet 1 inch, including 10 foot handicap.

1,000 yard run—G. M. Wyckoff, Chicago A. A. Time, 2:25 2-5.

Missouri Valley conference one mile relay—Missouri university. Time, 3:45 2-5.

50 yard invitation run—Oliver Reller, Cornell. Time, 1:05 4-5.

50 yard high hurdles, invitation—J. R. Case, Jr., Illinois university. Time, 1:06 3-5.

Two mile intercollegiate relay—Illinois. Time, 8:27 3-5.

Handicap high jump—Ollie Vassar (1 1/2 inches), Missouri A. C., five feet 10 1/2 inches.

Open 50 yard dash—McCawley, M. A. C. Time, 1:05 3-5.

Special two mile relay—Kansas City A. C. Time, 8:22 3-5.

50 yard high hurdle, handicap—J. Wendell, Wesleyan. Time, 6 2-5 seconds.

1,000 yard handicap run—Joe Bente (35 yards), M. A. C. Time, 2:21 2-5.

Open one mile intercollegiate relay—Illinois. Time, 3:37 1-5.

Two mile special relay—Cornell won from Pennsylvania. Time, 8:16 3-5.

## New Shooting Record.

Washington, March 15.—A new world's record for indoor rifle shooting of 998 out of a possible 1,000 was made by the Park club of Bridgeport, Conn., in this week's matches of the national shooting competition. This record means that five men placed 98 shots inside of a circle the size of a dime at 75 feet, using 22-calibre rifles. Harvard university rifle team broke the intercollegiate indoor rifle shooting record this week by five points.

## Aced Leader Dies.

Boston, March 15.—James B. Bulfinch, for thirty years a member of the famous "Boston Triumvirate," which controlled the Boston National league baseball club during a stormy period in the league's career, died tonight at his home here. Mr. Bulfinch was 74 years old. He retired from baseball in 1904.

## Breaks World's Record.

Los Angeles, March 15.—Fred Kelly, an Olympic champion, won a 120 yard high hurdles event in the world's record time of 15 seconds flat today at the track meet contested by the University of Southern California and Stanford university. Three watches on the side lines caught his time at 14 3/4 seconds.

## Downs Illinois U.

Chicago, March 15.—The Northwestern university basketball team defeated the University of Illinois team here tonight 20 to 18. The game is the last of the season for Northwestern.

## Fight Ends in Draw.

Los Angeles, Cal., March 15.—In one of the heaviest light-weight fights ever seen in the Vernon arena, Bud Anderson of Vancouver and "Knockout" Brown of New York battled to a draw this afternoon. Both boys took great punishment. In the eleventh and twelfth round Anderson had Brown almost out but in the twentieth the New Yorker had his opponent in the same condition, the bell saving Anderson from a possible knockout.

## Ottumwa High Wins.

Burlington, Iowa, March 15.—Ottumwa high school basketball team won from Burlington high tonight 37 to 17.

## Purdue Defeats Indiana.

Bloomington, Ind., March 15.—Purdue university defeated the basketball game with the University of Indiana here tonight 32 to 21.

## OMITS CEREMONY.

Rome, March 15.—It is customary for the pope to deliver a short address when receiving the palms. Under the advice of his physicians, however, Pope Pius today omitted that ceremony.

## COMMITTEE SUICIDE.

Vallejo, Cal., March 15.—Michael McGuire, chief master of arms at the receiving ship Cleveland at Mate Island, shot himself through the head and died instantly today. His motive for suicide is unknown.

## CENTENARIAN GONE.

Springfield, Ill., March 15.—Mrs. Lucy Mosby Haynes, aged 104 years, 3 months and 21 days, died today at Girard.

## HUERTA TROOPS DRIVE REBELS BACK

Federal Soldiers at Naco Force Rebels to Retreat Five Miles

## FIGHTING NOT YET OVER

State Troops Assemble After Defeat and Plan Another Attempt to Take City

## FEDERALS FIGHT GREAT ODD

NAGO, ARIZ., MARCH 15.—Instead of waiting to be attacked by nearly 1,000 insurgent state troops General Ojeda, with less than 500 federal soldiers, went out today from Naco, met and defeated the enemy. In three hours of aggressive fighting peppered the enemy's line with rifle and machine gun bullets, and spraying lead from shrapnel shells over hills adopted as fortifications, the Huerta federals drove the state forces five miles to the southeast. Late today the government forces returned victorious to the Mexican border town and customs port opposite this point.

But even the victors did not believe the fighting ended, nor that Naco is secure from assault. The state forces are assembling tonight in still greater numbers to wrest the only remaining port on the Sonora border from the hands of the Huerta national government. With the advantage of unexpected aggression and possessing five artillery pieces, the little brown barefooted soldiers defending the military honor of the new Huerta regime fought as wild men against seemingly overwhelming odds.

Protected by the artillery fire over their heads, the federals scrambled over the hillsides and fearlessly cracked their rifles at the heads of the enemy appearing on the horizon of the rolling country along the border.

## State Troops Retreat.

It was the group under Elias Calles which first received the assault. Expecting to attack rather than be attacked, the state troops soon fell back. The other half of the constitutionalist forces under Prefecto Gramonte rushed to the rescue from the east. And with a roar of artillery and the continued rattle of Mausers the battle was on.

For an hour desperate fighting continued. Little by little the state troops fell back from the biting fire of the aggressors. For a full mile the Huerta soldiers pursued closely the retreating enemy, advancing the artillery from the rear of the skirmish lines. Bodies of killed and wounded state troops lay tonight deserted on the field.

On behalf of the state of Arizona Sheriff H. C. Wheeler of Tombstone, early in the day insisted there should be no repetition of the shooting across the border as at the Nogales battle. This moved the federal commander to abandon his fortifications and set out after the enemy.

## Losses Small.

Ojeda states that his losses in the day's fighting were only nine killed and twelve wounded. He estimates the loss of the enemy as much greater, owing to the artillery fire. Five troops of the fifth and ninth U. S. cavalry were on duty along the border keeping back non-combatants. The only person wounded during the fight on the American side was A. A. Hopkins. He was injured in the knee while doing neutrality duty on the line.

As at Nogales, American volunteers in automobiles dared the fire to rescue wounded under the protection of the Red Cross flag. One American physician, Dr. Randall of Douglas, is missing. While assisting the wounded on the field he abandoned his automobile on the Mexican side. A search for the missing physician is being made by Sheriff Wheeler.

Naples, March 15.—General Porfirio Diaz, the ex-president of Mexico has received many messages with full details of the situation in the Mexican republic. Gen

## Schram's Shop Talk.

## DIAMONDS

When we give you our word regarding a diamond you can positively rely on it.

As experts of life long experience and as extensive dealer in gems, we are in every way equipped to give perfect satisfaction in **QUALITY, COST and STYLE.** We carry loose and mounted goods and also mount to special order.

**Schram**  
JEWELER

12-3 light boulevard lamps .....	On West Court street
12-3 light boulevard lamps .....	On East Morgan street
12-3 light boulevard lamps .....	On West Morgan street
Total estimated cost .....	\$ 52,663.00

An election will be held April 15th, when the people of Jacksonville will vote on the question of issuing bonds to the extent of \$50,000 for the re-building and improvement of the municipal light plant. For some weeks J. F. Brennan, commissioner of public property, has been working out the details of the improvements and making the estimates of cost. Prior to this time a general estimate of improvements projected had been made and an estimate of \$50,000 was figured to cover the cost of the improvements. The estimates in more detail now outlined by Mr. Brennan amount to \$52,663.00.

Briefly stated the plans call for a brick addition to the present plant; two new boilers to supplement the three boilers now in use; two new 300 horse power Corliss engines; three 200 R. P. M. generators; switch boards, arc panels, etc.

This equipment would make it possible to supply easily 180 arc lamps are 184 boulevard lamps. The present equipment includes 187 arcs and 40 enclosed arcs in the vicinity of the square. It is proposed to install 184 boulevard lamps in the business district. First of all there would be two rows of them about the square, one at the edge of the sidewalk and the other at the curb of the pavement adjoining Central park. Then they would be installed upon North and South Main street, East and West State street, North and South Sandy street, North and South Mauvaisterre street, East and West Court street, East and West Morgan street.

## The C. W. Brown Plans.

The original basis for the present proposed improvements, plans and specifications prepared by the late C. W. Brown were used. At that time a bond issue of \$35,000 was asked but the present plans call for a great deal not included in the original plan. The earlier plans did not contemplate the enlargement of the building or an increase in the boiler capacity. The present plans also provide for an additional Corliss engine and two additional generators and there will be some additional cost for the use of boulevard lamps instead of arcs. Another cause of increased cost between the old plans and the present would be the extra engine foundation.

In talking about the plans yesterday and in response to various questions Mr. Brennan said: "The figures that I have given you are based upon those submitted by the manufacturers of machinery and from the correspondence I have had I am certain that the figures are as low as we can expect to get. I sent out letters and figures to a large number of firms and the information and figures given are embodied in my estimates. Complete plans and specifications are on file in this office and can be seen by any citizen who cares to inspect them. If the bond issue is carried and the plant is rebuilt we do not intend to incur the expense of \$1,200 to \$1,500 for a supervising engineer. Any firm who takes the contract for supplying engines, generators or boilers will make such a bid with the understanding that the equipment must be installed and put into working order. Mr. Catherwood, the superintendent of the plant has had large experience with electrical machinery and I have had considerable building experience myself and together we feel entirely competent to superintend the job. The first object we have in view is to change the system of lighting from a direct to an alternating current. The old system is obsolete and has many disadvantages. With a direct system it is not possible to use transformer or regulator and the power produced goes direct into the lighting system. With a transformer it can be reduced to the power desired and the regulator provides for the equal and necessary distribution. As explained before one trouble with the present system is that our lamps are so old that we can not get repairs for them as the firm has discontinued making lamps of this description and any repairs must be of hand make. We need a larger building partly for additional coal storage.

As it is now the coal room in the boiler house proper will hold only a portion of one car and for additional storage we are compelled to use space out of doors or a frame building not far away and then wheel the coal in as needed—which makes an expensive proposition.

## Reserve Equipment.

"We are also providing for reserve power and equipment. It will not be necessary to run the plant to anywhere near its capacity unless conditions change greatly and the reserve machinery will make it possible to switch from one engine to the other and to use the old equipment as a reserve in case of accident or break down. When the former re-building was talked of the two generators we now have could not be sold for more than \$400 and they are probably not worth that much now. These would be practically all of the equipment we would sell. We need the increased boiler capacity because now the boilers are taxed to their utmost and for the added reason that in cleaning boilers now we must necessarily lower the lighting capacity of the plant while the cleaning is in process. With the five boilers we would have under the plans contemplated, ample power, boilers for reserve use and capacity enough to provide steam if more power should be needed for pumping from the Widenham-Daub wells or from the pumping station. The wiring for the boulevard lamps would be simply an underground cable or steel tape which is now used very satisfactorily in a great many cities with such a system of lights. The tape is laid in the ground about 18 inches below the surface and is so constructed that it can not be damaged even if it comes in contact with sharp instruments. Like other underground construction it has an advantage of being so placed, that storms could not interfere with it in any way.

## Could Cut City Expense.

"One point of saving to the city with a new plant would be the \$2,500 a year which is now paid to the Jacksonville Light company for light at Nicholas park, the pumping station, city hall, public library and in the city schools. This saving in itself each year would be sufficient to pay the interest on the bonds.

"As I have said before we now have in Jacksonville 187 arc lights, such as they are with the 40 enclosed arcs in the business district and the plant is entirely over-loaded and the wires and lamps so worn that no service can be given. With the new equipment we would have power and current sufficient for 600 arcs and 40 enclosed arcs. The increased cost on account of boulevard lamps is not so great as one might think. Several years ago when the question was up before the bid for 180 arc lamps and wiring was \$7,200. Our figures now for an equal number of arc lamps and 184 boulevard lamps is but \$8,672 or an increase of \$1,472 over the old plans. As stated the power would be sufficient to provide for pumping from the Widenham-Daub wells if they should ever be desired and the only extra costs would be that for running the feed wire out from the plant to the wells. There would be power also for pumping from the water plant if that should ever be desired. In making my estimates and these figures I have taken the matter up with care with a number of the best firms handling such apparatus and I feel that the figures are as low as compatible with our requirements and paying some attention to the prospects and probable needs of the future."

## Comparative Figures.

As I figure it the expense we will incur above the plans prepared by Mr. Brown are as follows:	
1 Extra Corliss engine .....	\$ 4,700.00
2 extra 200 K. W. Generator .....	7,550.00
2 extra 300 H. P. boilers .....	6,700.00
Addition to building .....	3,550.00
1 extra engine foundation .....	750.00
Difference between arc and boulevard lamps .....	1,572.00
Total .....	\$24,722.00

NEW GOODS ARRIVING AT HERMAN'S DAILY.

## Old Fashioned New Orleans Molasses.

Is a real treat and the sale on this article demonstrates to us that there is a goodly number in our territory who actually know the individual color, body and taste of The Old Fashioned N. O. Molasses.

WE TAP A FRESH BARRELMONDAY MORNING. A RARE TREAT.

Only 60c a Gallon.

YOU CAN'T MAKE ORDINARY COFFEE taste like really good coffee, and you are not apt to have coffee good all the time, unless you have the same kind of coffee all the time.

ROBERTS' COFFEE IS ALWAYS THE SAME—28, 33 1-3, 35, 37 1-2, 40, 45c.

## BOTH FUEL AND TIME COSTS

You can save your time and the expense of fuel by using The "MONARCH" brand of Foods in cans. Try using "MONARCH" brand Foods regularly and freely as a remedy for the "HIGH COST OF LIVING." Buy them by the dozen or by the case as it costs but little to carry or keep them as they are imperishable and will remain good until used just in ordinary storage.

If you are now contemplating buying by the dozen, 1/2 dozen or case, LET US figure with you. Take us into your confidence and if we can't help you we agree to tell you so.

## PHARMACY DEPARTMENT.

## READ AND REMEMBER

Roberts' Almond Cream does protect the most delicate skin after exposure to these stormy March days. Keeps the pores open and can not possibly grow hair. Roberts' Almond Cream is non-oily and is immediately absorbed by the skin. Made by us and guaranteed to you. A trial will convince. Large bottle, 35c.

## A COUGH SYRUP THAT CURES.

Roberts' Syrup Tar and Wild Cherry. Easy to take. Absolutely harmless. Effective in deep bronchial coughs. Safe for infants and children. We recommend this to you; 25c and 50c bottles.

## ONE DAY—12 HOURS

Roberts' Cold Tablets cure a cold in one day and the results are permanent. No buzzing or headaches follow the use of this safe and speedy remedy. There is no better Laxative Cold Tablet made. Only 25c.

Cold, damp, chilly March weather suggests hot water bottles. We have a big collection of the finest made rubber goods in the city. Ask us about the broad guarantee on Kanteek Rubber Goods.

EXTEND TIME FOR BIDDING ON SCHOOL BUILDING.

notify the bidders of the extension of time.

## BERNARD GAUSE GETS CONTRACT

All Contractors Had Not Been Able to Secure Plans in Time For Estimates and Board of Education Extends Date For Receipt of Bids to March 31st.

At a special meeting of the board of education held Saturday afternoon a resolution was passed extending the time for the receiving of bids for the construction of the proposed eighth grade building until March 31st. R. L. Pyatt, clerk of the board, was instructed to give public notice of such extension of time. The action of the board was taken because a number of contractors and subcontractors have not been able to secure plans in time to get their bids in readiness. There are ten sets of plans but there are so many contractors both in the city and elsewhere who wish to submit figures that the board deemed it wise to make the extension. The clerk was instructed also to return any bids which may be filed, Monday, March 17, the date first announced, and to

The contract for improving the water supply at the Jacksonville Packing company's plant, which was let to O. B. Cannon last week by the Caldwell-Nelson Engineering company, was surrendered by Mr. Cannon and afterward let to Bernard Gause.

The city of Alton has just granted a new franchise to a gas and electric company, wherein a maximum charge of ten cents a kilowatt is stipulated, the city to receive an annual income of two per cent of the gross income of the company.

## MANY SAW SNOW WHITE.

Snow White, produced at the Majestic theater Friday under the auspices of the parent-teacher organization was witnessed by a great throng of grown-ups and children. All were delighted with the production.

Men's shoes that wear. Frost & Nolley.

Kirby Black of Chicago is making a short visit at the home of his parents, Dr. and Mrs. Carl E. Black.

This week a large assortment of EASTER NECKWEAR will be shown by FRANK BYRNS' Hat Store.

Mrs. Joseph Bergschneider and daughter, Loreta, were Saturday shoppers in the city from Franklin.

Neptune, our 30c coffee, Zell's.

Miss Mayne Servens who has been visiting friends in the city, has returned to her home in Sedalia, Mo.

White Pine and Spruce for cough, colds, croup and soreness of throat, lungs and chest. Gilbert's Pharmacy.

Miss Mary Ebert of Pontiac is in the city visiting with Miss Louis Miller, a student at the Woman's College.

Fine plaited white shirts, all sizes and prices from one dollar up are shown by FRANK BYRNS' Hat Store.

Mr. and Mrs. J. K. Cunningham and son Harold of Murrayville were among the visitors in the city yesterday.

Fresh box chocolates at Ehnie's.

Edward McGrouh of Ashland was calling on friends in the city yesterday. He expected to go to Quincy today.

Misses Marie Megginson, Iona Gallagher and Mabel McCurley were among the Woodson visitors in the city yesterday.

Have a tornado policy on your dwelling house. J. M. McCullough, 211½ East State street.

You are invited to see the new stock of shoes at Frost & Nolley's.

Mr. and Mrs. H. C. Langdon and Mrs. John Bergschneider were among the visitors in the city yesterday from Franklin.

Try Ehnie's pan caramels.

C. Kennelly of Springfield, senior instructor for the Central Union Telephone company, was a business visitor in the city yesterday.

Correct clothes style is found at Garland & Co.'s.

Misses Elsie Weeks and Myrtle Stevens are expected home Monday from a brief visit with the former's brother, George Weeks in Decatur.

Order Ehnie's pure ice cream.

Miss Bertha Austin and Edythe Sargent went to Franklin to attend the funeral services to day of Kenneth Anderson who was killed by a train at Litchfield.

Dike's Cod Liver Extract is an effective reconstructive tonic. It fortifies the nervous system. Gilbert's Pharmacy.

BUY THE PHIPPS HAT AT HERMAN'S.

Among the visitors in the city from Franklin were Mrs. Charles Beerup and son Otto; J. W. Wood, Mrs. Langford, Mrs. George Brown, N. G. Keplinger, G. J. Dowell.

Come and see Emma Cook's hats at her millinery parlors, 1011 South East street, before buying, as she has had experience in trimming in Chicago; also as designer for New York milliner.

Neckwear good enough for any man, at prices reasonable enough for any one to buy are shown by FRANK BYRNS' Hat Store.

Mrs. Noah Henline of Bloomington is visiting in the city. She expects to leave soon for the east and join her husband at Jersey City, N. J., with which city he will play baseball the coming season.

COURT ORDERS OUSTING OF  
THREE CITY COUNCIL MEN

Aldermen Against Whom Charges Were Filed By Woman Mayor of Hunnewell, Kansas Were Found Guilty and Will Lose Offices.

Topeka, Kan., March 15.—The supreme court today issued an order ousting from office the three city council men of Hunnewell, Kansas, against whom charges had been filed by Mrs. Ella Wilson, the woman mayor of the town. The court held the three councilmen have been and are guilty of wilful misconduct in office and of persistent failure to perform the duties of their respective offices. Troubles of the of the Hunnewell city council have been before the courts for many months. The three councilmen against whom the writ of ouster lies are F. L. Lander, J. O. Ellis and B. Kier. They must surrender their jobs at once.

Mrs. Wilson alleges that the men refused to co-operate with her in administering the affairs of Hunnewell.

Fine plaited white shirts, all sizes and prices from one dollar up are shown by FRANK BYRNS' Hat Store.

## U. C. T. ELECTION.

Officers Names For Ensuing Year—Two Candidates Initiated.

The United Commercial Travelers held an election of officers Saturday night and also initiated two candidates, Charles Scholes and A. D. Conley. The council was honored by the presence of two of the state officers, Henry E. Rigney, grand deputy and Frank Lovett, grand conductor both of Decatur.

The council will hold a social two weeks from last night.

The following were the officers elected for the ensuing year: Senior councillor—L. B. Crowe.

Junior councillor—Jerald Taylor.

Conductor—George Haigh.

Past senior councillor—J. N. Conover.

Page—F. C. Thompson.

Sentinel—Oscar Krause.

Chaplain—Harry B. Myers.

Secretary and treasurer—G. Roy Scott.

Members of executive board—G. T. McKee and Frank P. Taylor.

D. O. K. K. MEETING.

Business session 7:30, Monday.

John E. Hall, R. V.

G. E. Doying, Sec.

RECEIVED BOX OF ORANGES.

Charles Hopper of the firm of Hopper and Son, was surprised Saturday by the present of a case of fine California oranges from his former partner in the shoe business, Charles Marcy, of Riverside, Cal.

Besides being a successful orange grower, Mr. Marcy is widely connected with irrigation interests in the vicinity of Riverside.

BUY HERMAN'S CELEBRATED MILLINERY, THE BEST AND CHEAPEST ON EARTH.

W. C. T. U. TO GIVE PROGRAM.

A meeting of the Woman's Christian Temperance union will be held at the residence of Mrs. Sarah Cocking on West North street, Monday afternoon at 2:30 o'clock when a program in honor of the red letter day of Mrs. L. M. N. Stevens, national president, will be given.

The program will be led by the president and "Blest Be the Tie That Binds," will be sung, opening the program. This will be followed by the scripture reading: Isaiah 52:7-15 and prayer by Mrs. Cocking. The president will deliver an address of welcome and a poem will be read, which will be followed by a question box, the answers to be views of ways and means to promote the cause of temperance.

Largest assortment of bags and suit cases in the city at Garland & Co.'s.

JUNIOR ETUDE CLUB.

The members of the Junior Etude met Saturday afternoon with Miss Jean Coulter on South Main street when the following program was given:

Piano solo, Rain Drops—Esther Claus.

Piano duet, March Militaire—Lola Markille and Grace Van Houten.

Reading, The Piano Duet—Nellie Priest.

Volia solo, Spinning Song—Anna Frances Bradley.

Piano solo, Polish Dance—Dorothy Hille.

TO SECURE SUBSCRIPTIONS.

The committee appointed by the Jacksonville Farmers' Elevator company consisting of W. L. Leach, Mitchell Zackery, Dr. J. W. Haigrove, Ralph Reynolds and Stansfield Baldwin, have sent an application to the secretary of state asking for authority to open subscription books for the new concern.

IX MISSIONARY WORK.

Missionary J. R. Hastings of the American Sunday school union has returned from a missionary trip into Scott county. He found several families in need of religious literature and Bibles, and supplied them with the same. Mr. Hastings looks forward to a good season for Sunday school work.

NOTICE TO CONTRACTORS.

By reason of action of the board of education postponing the date for the receipt of bids for the new eighth grade school building, bids will not be received until after March 17. The final date for receipt of bids is now 2 p. m. March 21, 1913.

R. L. Pyatt, Clerk.

THE TEMPERATURES.

The temperature for Saturday, according to G. H. Hall, weather observer at Alexander, were, maximum 45 and minimum 22. Two hundredths inch of snow was recorded.

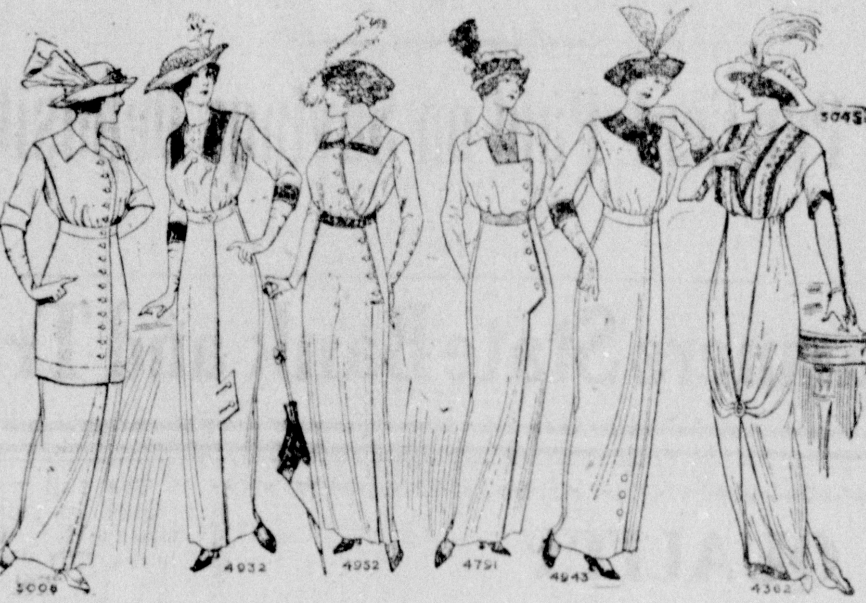

## THE ART OF CORRECT DRESS

## Solving the Pattern Problem.

Article No. 2 in a series of timely talks on "The Art of Correct Dress."

Choosing the style by which to make a new dress has probably caused the women of America more worry and headaches than any other one thing in connection with her wardrobe. While each season brings out certain tendencies which are to be adopted by the well dressed woman, there are so many modifications by the different modistes, choosing is made most difficult. And then the question arises, "Can my dress be made to look like the picture?"

If you use Pictorial Review Patterns our answer is "Yes, your dress will be made to look just like the picture." There is a cutting guide accompanying each pattern which produces absolute accuracy in design.

The worst jolt the combined pattern concerns ever sustained was when the Pictorial Review company began making patterns. No other pattern had ever qualified with the American women. Pictorial Patterns did.

If you are not already acquainted with the smartness of Pictorial Review styles, a visit to our pattern department will be a marvelous revelation to you

PORTRAIT OF JUDGE EPLER  
TO HANG IN COURT ROOM.

Will be Presented to Morgan County Bar This Week.

Judge Cyrus Epler, who during his life was one of Morgan county's most able jurists, is to be honored by the placing of his picture in the court room here, where he served as circuit judge for twenty-four years. An offer of this picture was tendered in a recent communication to the Morgan county bar. The picture will be presented this week by the widow and daughter of Judge Epler, Mrs. Cornelia A. Epler and Miss Effie Epler of 1106 West State street. It is handsomely done in crayon and is three feet in height and almost as wide. It was done in Somerville, Mass., several years before the judge's death.

Long Public Career.

The presentation of this picture recalls the long and honorable career of one of the most eminent lawyers of this section of the state. Judge Epler having seen almost continuous public service from his election as state's attorney of a circuit comprising the counties of Morgan, Menard, Scott, Green, Macoupin, Jersey and Calhoun in 1852, until he retired as judge of the local circuit in 1897. He was graduated from Illinois college in 1847, studied law in the office of Judge William Brown and Richard Yates, and was admitted to the bar. In 1856 he was elected to the legislature from the district comprising Scott and Morgan counties and was re-elected in 1858. Retiring from the legislature he was appointed by Judge Charles D. Hodges, master in chancery for a position court of Morgan county, a position which he held until 1873, when he was elected judge of the first judicial circuit of the state. By the act of 1877 redistricting the state and throwing Morgan county in the seventh district with Cass, Mason, Menard, Logan, DeWitt, Scott, Greene, Jersey and Calhoun counties, provision was made for the election of three judges in each district. Judge Epler was elected under this act to the circuit bench along with Hon. Lyman Lacy of Menard county and Hon. Albert G. Burr of Greene county. He was re-elected in 1885 and again in 1891. At the expiration of his term in 1897, he refused to stand for re-election and retired from the bench.

SINCE OUR SUCCESSFUL OPENING WE HAVE RECEIVED NEW COATS, SUITS WAISTS AND MILLINERY. KINDLY COME AND SEE US IF INTERESTED. J. HERMAN.

## AMOMA CLASS MET.

The Junior Amoma class of First Baptist church held its regular monthly business meeting at the home of Miss Grace Hart on Hardin avenue. During the evening Miss Hoffman and Miss Mattie Hall favored the guests with several readings, after which delicious refreshments were served. Those present were Misses Elsie Reed, Grace Hoffman, Irene Hall, Hazel Landreth, Alma Woodall, Mrs. Turner, the teacher of the class, and her friend, Mrs. Medley.

FAULTLESS Dag Shirts are sold in this market by FRANK BYRNS' Hat Store because they have proven all that the name signifies. FAULTLESS.

GRACE CHURCH BROTHERHOOD.

The annual business meeting of the Grace church Brotherhood will be held Thursday evening. A banquet will be served at 6:30 o'clock after which there will be an address by Rev. Frederic Baylis of Chapin.

Kellogg's Toasted  
Wheat Biscuit

Another Good One That'll Become Famous

Attend the Demonstration at

**DOUGLAS'** West State Street  
GROCERY  
Monday, Tuesday, Wednesday

Of this new and perfect food, made in the most complete and sanitary food factory in the world. Wheat Biscuit, made by Kellogg is delicious for breakfast, luncheon or tea, with butter or cheese; as breakfast food serve with milk or cream; it is fine with creamed chicken or poached eggs at any time, and is especially delicious with fresh or cooked fruit.

"All of the elements of the whole wheat are retained in Kellogg's."

Who Says That  
Winter Is Over?

The cold, raw days promise to be many this month and you will need almost as much fuel as you used in January.

If your supply is low, let us put in a good load for you. We handle only high grade Springfield and Carterville district soft coal, and for quality there is nothing better. Our service, too, will please and satisfy you.

The full voting strength of the parties in joint session of the legislature is: Democrats, 97; Republicans, 75; Progressives, 28; Socialists, 4. Total, 204. From this time forth it takes 103 votes to elect a senator.

Utah has adopted a law to punish by fine the man who fails to vote, without he can furnish a legitimate reason for his neglect. New Zealand goes one better by depriving the man who willfully declines to use his right of the ballot at the next succeeding election.

Lieut. Governor O'Hara declares that the philanthropy of today is a menace to society. He says: "Perhaps the most astounding revelation made at the hearings of our commission was that much of the philanthropy of today is not philanthropy at all. Indeed grave doubt as to whether this modern philanthropy is not in itself one of our most serious national menaces. Charity begins at home, according to the old saying and familiar rule, and after listening to much of the testimony of the last week the members of the Illinois senate vice commission were forced to admit that most of the philanthropy of today not only does not begin at home but is contributed from the sufferings of the workers at the home institution."

Senator Tillman, he of pitch fork fame, is still fighting. He is not happy, although his party is now in control in the senate. Just now he is opposing the confirmation of Charles P. Neill, newly appointed commissioner of labor, because of a report made by Neill some time ago on the condition of woman and child labor in the south, and his active support of a national child labor law. Tillman asserts that Neill is prejudiced against the south. The senator from south Carolina is known as a reactionary and has been deposed from his pet committee chairmanship by his own party.

John Glenn, lobbyist for the Illinois Manufacturers' association and editor of a trade paper in Chicago, said in his paper that the investigation of girls' wages in connection with morality, was hatched up by Andy Lawrence, manager of the Hearst papers in Chicago, in order to scare state street merchants into giving him advertising. It was further stated that Lieut. Governor O'Hara, who used to work on the Hearst papers, was the tool. Lawrence has sworn out a warrant for Glenn for criminal libel. If Glenn believes his assertions to be true this will give him a splendid opportunity to bring forward his proof.

Julia C. Lathrop, the head of the new children's bureau of the federal government, is seeking a way to reduce the heavy infant death rate. In a statement she says that 300,000 babies less than a year old die every year in the United States and that a large proportion of these deaths could have been prevented by the use of modern methods of sanitation. If the birth records were carefully kept, she says, so that relative birth and death records were able to disclose areas where infant mortality is unduly high, systematic efforts could be made to better conditions in such areas. A law regarding the registration of births by physicians has been in force in this state for many years.

By way of contrast to the blank record of the present Illinois legislature the Record Herald points to that of the sixty-eighth Indiana general assembly, just completed. Both bodies assembled early in January. The hoosier lawmakers have put on the statute books new laws relating to vocational education, the inheritance tax, the registration of voters, tenement regulations, loan sharks, the sale of cigars, the employment of convicts on highways, and taxation; they have adopted "On the Banks of the Wabash" as a state song and provided for an annual rat-killing day. It is a somewhat mixed record of things done, while at Springfield time has been frittered away.

The New York Herald is urging a postal bank in connection with the parcel post. It is necessary, they claim to develop the full benefits of the parcel post, and would make it a checking bank, paying no interest on deposits. It would do away with the postoffice orders and registered letters, and make it easy to do business with people beyond the reach of local banks.

Among the court reforms proposed in New York is one providing that a court, in the trial of a cause, "shall have full power to disregard any mistake, irregularity or defect which does not affect the substantial rights of a party." As doing away with quibbles over technicalities in law procedure this would seem to be a worthy change.

The statute of limitations is the main contention in a curious case in the federal court in Chicago. The question is: "If a sponge is left in the abdomen of a patient after an operation and is not discovered for seven years, does the statute of limitations apply from the date of the insertion of the sponge or the date of the discovery?"

The Bloomington Pantagraph seems to pay little heed to Lee O'Neal Brown and his dislike of publicity. It asks a few pertinent questions, but, we presume, with little hope of receiving answers. It says: "There may be such a thing as invisible government in this country and there are some other things that are invisible in that connection. There is an invisible whip being used often by some one not exactly visible to the public. Whose invisible lash is being swung just now over the heads of members of the joint assembly at Springfield? From whose hand is the invisible whip being laid on, making scars on the backs of members, to drive them to the support of one candidate and away from the support of another? And what invisible purpose is behind it all? The public would like to know."

Chicago Tribune: If Illinois were a poverty stricken region its bad roads would be excusable. If Illinois were unwilling to spend money on roads its bad roads would not be excusable, but they would be a logical result of deliberate policy.

But Illinois is a wealthy, prosperous community, and is not only willing to spend money on roads but actually is spending it freely.

Yet our roads are so bad as to be a humiliation to state pride and a burden on the prosperity and comfort of the people.

The reason is a preposterous system grown up under pioneer conditions and kept up through political selfishness backed by public indifference and, perhaps, by some foolish local fear.

The system, if it can be called a system, is to make roads piecemeal under the regulation of townships and by about 4,000 road commissioners. The result is an enormous waste of money with the minimum results. Congressman Madden is right when he declares the first step toward decent roads is the abolition of these 4,000 commissioners. The next step should be placing the whole problem of the roads in the hands of an expert state commission.

Some words of commendation have been given the Journal for its suggestions regarding the rehabilitation of Central Park. The fact that this work can be done without increasing the burden of taxation commends it. All that it needs is a little effort on the part of our citizens and the action of our city commissioners. They are a body of business men that are endeavoring to make a record for themselves, and for the city. Their hands are full, however, with the multifarious duties of their position and Central Park is only one of the many items that go to make up a days work.

In many other cities parks of this character are made the most of, not only from the standpoint of "the city beautiful" but from the more mercenary point of view—Business. Make it a place at once attractive and comfortable, but one of actual use, where visitors may be assured of safety and cleanliness, and it will soon be a meeting place for out-of-town people, as well as for home folks.

An attractive booth could be placed there where parcels and baggage could be checked, for a slight compensation, where in fact it could be made a clearing house for many little parcels that the purchasers did not care to carry from place to place until train time. The privilege could be sold for enough to pay a good rate of interest on the cost of the erection of a booth.

All that would tend to bring people to and popularize Central Park would bring dollars into the till of every merchant doing business on the square and vicinity.

We are told that Band Master Jeffries is soon to return to this city. As a mark of the esteem in which he is held and of encouragement, why not work up a subscription for a series Wednesday afternoon concerts in Central Park? The band bearing his name is a fine one, and their splendid performances would be enjoyed by hundreds who would come to the park at that time when the stores are all open—when the towns people and those from the country could combine business and pleasure. This would enable merchants to get some return from the money subscribed—and be a testimonial to Mr. Jeffries.

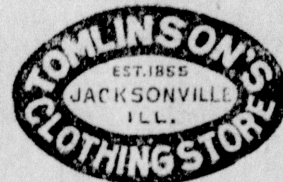

The band concerts in the park in the evening have been enjoyed by many, but we believe that much more can be accomplished, a greater number of people benefitted by afternoon concerts, from 2 till 4, when all classes, ladies and children especially, can enjoy them.

A concert in the evening might occasionally be given at Duncan Park. The street car company can as well afford to make a liberal subscription for concerts there as to a location on any other part of their line, and it would afford pleasure to a great number.

Leave the Sunday band concerts to Nichols Park, for the reason that on that day, after attendance at church, of course, people have more time, and can take their families and sup-

pers and spend the evening enjoying the beauties of nature and listening to delightful music.

If the band concerts in the Park on week days should not meet with general approval, if the noise and crowd be considered too great for a business day, a half holiday for clerks might be considered. Such holidays are customary in cities all over the country, during the summer months, affording a rest mid-week for many, a much needed chance for out of door recreation. The clerks would no doubt welcome the innovation, and would perhaps, give more enthusiastic service when on duty the balance of the week. In Springfield even the banks closed Wednesday afternoon last summer. With a concert in the afternoon, a half holiday would surely put them in just the right mood for attendance at prayer meeting that night.

Speaking of prayer meetings, how many of us will think, this Sunday morning, of the many things we really have to be thankful for. Perhaps at first thought, you will not be ready to acknowledge that you have many, later you may discover that you have health and strength, a family that is dear to you, plenty to eat, that you are getting along a little better, maybe, than you were a few years ago, that you have not yet been called to that judgment seat that most of us would like to dodge, that we are never ready for—and other little blessings almost unthought of. Think of the good things you have enjoyed in the past, of the many yet hoped for—and you will find that this is a good old world, after all, and that the proper thing to do, to day, is to attend some church, the one nearest your heart, or your mother's heart, and quietly and honestly acknowledge your indebtedness to the giver of all things good.

William Howard Taft, defeated and leaving the White House and his former place of power, in a speech before the National Press Club, expressed the right spirit, the spirit of healthy optimism, when he said: "Gentlemen, I am still in good health and do you suppose I regret the result? That I have an occasion for kicking or squealing? What kind of a man would I be if I did, with the measure of all on my side. Now I am looking to see if I cannot repay the country and fortune for the good things given me and if I can't work in the cause of good government." And Taft's inimitable smile proved that he spoke from his heart.

Many have much to rejoice and give thanks for to day, although with some, whom the dark clouds of ill-health or misfortune have encompassed, it may seem hard and unpromising, yet there is surely something of good for all.

### WILL INAUGURATE CHICAGO TO NEW ORLEANS RIVER TRAFFIC

Packet Steamer Keystone State Will Be Overhauled for Service—Three Packets and Five Steel Barges Will Start Season.

River transportation along the Illinois and the Mississippi from Chicago to New Orleans will be inaugurated this spring by the Chicago-New Orleans Transportation Company, and to start this service a contract has been let for the complete overhauling of the Keystone State which is now lying in winter quarters in Peoria.

When completely renovated the Keystone State, which last year plied between Peoria and downriver points will be re-christened the "E. S. Conway," in honor of the chairman of the freight traffic committee of the Chicago Association of Commerce, who has aided materially in making the Chicago-New Orleans Transportation company the success it promises to be.

According to the announcement of Edward White, president of the company, the opening of traffic in the middle of April, will be attended by the greatest of ceremony. The initial trip will be made from LaSalle, Ill., to New Orleans, La., under the direction of the freight traffic committee of the Chicago A. of C. A band is to make the first round trip and celebrations will be held in every city by the Chicago crowd.

Under the direction of the Superintendent Bertman, three packet steamers and five steel barges are to start the season for the company. The barges will be utilized for the traffic through the Illinois Michigan canal between Chicago and LaSalle, while the packets will load and unload at LaSalle.

Men enjoy Easter greetings especially when the greeting is in the form of those choice NECK TIES shown by FRANK BYRNS' Hat Store.

MATHIS, KAMM & SHIBE SAY. We have good stock of mens rubber boots, all new fresh goods at \$2.50, \$3.00, \$3.25, \$4.00, \$4.25 and \$4.50.

ALL WOOL SERGE DRESSES, BLUE, TAN AND SHEPARD CHECKS, MADE IN THE BALKAN BLOUSE, SHOWN AT STRAUSS' EMPORIUM.

WHO IS "THE WISE GUY"? Dr. F. S. Hayden will talk about him at the Public Library at 7:30 on Tuesday evening, March 18th. Everyone is cordially invited.

In addition to the regular Tuesday evening course of entertainments which will end with Miss Jackson's bird talk the following Tuesday night the library has in store a treat for Tuesday, April 1. Mr. Thomas H. Quigley of Routh College who delighted the audience by his readings of "Cathleen ni Houlihan" early in the course, will read on that night another play important in the new Irish dramatic movement. Announcement as to the special play to be read will be made later.

Remember Theodora Sturkow-Ryder, pianist, assisted by Mary Hester Cleary, dramatic reader, Music hall, Tuesday evening, March 25.

ATTENTION, MASONS. Jacksonville lodge No. 570 and Harmony lodge No. 3, A. F. & A. M., will hold a school of instruction March 18th, 19th and 20th at Masonic Temple. Sessions mornings, afternoons and nights. All Masons are urged to attend.

J. Thompson Sharpe reports forty eighth people in Jacksonville using the most wonderful Robinson Spring water, for rheumatism, blood and kidney diseases.

"CAN WE DO AS WE PLEASE." Sunday evening, Rev. J. W. Miller of Grace church will preach a sermon on the third important question in the series being discussed during the evenings of the month of March. "Can we do as we please with our own?" "Can capital do as it pleases with its wealth?" "Can labor do as it pleases with its toil?" "Can a church do as it pleases with its money and time?" "Can a man do as he pleases with his soul?" There will be something for everybody. All are welcome.

### SOLD SEVERAL CARS.

W. Newman and son have recently sold a Moline 40, five passenger automobile to Mrs. Anna Kayford of South Main street, also five "Paige" 26" cars to parties in Beardstown. The Newman garage has recently put in an air outfit and all parties can have their auto tires filled free of charge.

### CLARKSON WILL MEET RUNAWAY WIFE TODAY

Woman Who Ran Away From Her Husband and Five Children With Burglar Will Return to Her Family.

Chicago, March 15.—A meeting between Rev. Nester K. Clarkson and his wife, who ran away from her husband and five children, with Owen Dale Conn, a burglar, probably will take place tomorrow. Mrs. Clarkson arrived in Chicago today from Milwaukee, but her husband did not meet her at the railroad station as she had expected.

Soon after her arrival, however, he sent her a message, saying he could not see her today, but that he would meet her tomorrow.

Friends of Mrs. Clarkson have invited her to come to their home and stay as long as she likes.

"I suppose I'll be scolded and prayed over," she said, discussing her probable return to the band of mission workers of which her husband is leader, "but I'll be safe, anyhow."

LARGEST ASSORTMENT OF LATEST STYLE SPRING HATS ARE SHOWN IN OUR MILLINERY DEPARTMENT. FLORETH'S.

ROY POTTER NOW MANAGER OF JACKSONVILLE CREAMERY

Entered Saturday Upon Duties of Important Post.

Roy Potter was installed Saturday noon as manager of the Jacksonville Creamery here to succeed J. V. Breckon, who recently resigned. He is well fitted for the post, having recently come from a position as manager of a dairy and creamery at Oglesby in LaSalle county. The new manager is a graduate of the University of Illinois, where he specialized in agriculture and dairy science, leaving the university to go to Oglesby. He is a son of Mrs. Eva Potter of South East street and a brother of Homer Potter of the Farrell bank. Mr. Breckon, the former manager, expects to continue with the company as assistant manager. He has also resigned from the secretaryship of the board of directors, which position will be filled by D. E. Sweeney.

Get under one of Garland & Co.'s hats and you'll lead the style league.

### THE OVERLAND CAR.

Robert T. Cassell, local agent for the well known Overland car has a large space advertisement on another page of this paper. The Overland is priced at \$985 and when one examines it he cannot but marvel that so much car can be produced for such a reasonable price. In 1908 four hundred Overland cars were sold. In 1912 the output was 28,000 and this year the factory will produce 40,000 and these figures present an excellent argument as to the quality and popularity of the Overland.

WHITE WAISTS, THE VERY LATEST STYLES IN VOILES, MARQUESETTES AND LINSINS IN EVERY ACCEPTABLE STYLE AND PATTERN, ONLY 99c. STRAUSS' EMPORIUM.

### ELECTION OF MAY QUEEN.

The students of the Woman's college will hold their election for May Queen Tuesday morning, at the time of the chapel exercises. The May day fete is one of the most important events in the social life of the institution and the interest in choosing a May queen is keen.

LEAVE YOUR ORDERS FOR EASTER MILLINERY AT HERMAN'S.

### MANY INSANE IN U. S.

Philadelphia, March 15.—That there are more insane persons in asylums and similar institutions in the United States than students in colleges and universities and that they are responsible for a direct and economic loss to the nation of \$125,000,000 a year, were among the statements made today by Clifford B. Beers, secretary of the national committee for mental hygiene.

Mr. Beers spoke at the luncheon of the city club, which marked the opening of a week's conference and exhibit of mental hygiene.

### BOTH LOSE BROTHERS

Theodore Tyrrell was called to St. Louis Saturday on account of the death of his brother, C. H. Tyrrell, who will be buried today. A strange coincidence is that Mrs. Tyrrell was called to St. Louis Friday to attend the funeral services of her brother J. W. Moon.

Steamer, bureau, auto, hat and wardrobe trunks can be found at Garland & Co.'s.

### FOR FRIENDLY RELATIONS.

New York, March 15.—With the purpose of establishing a closer bond of friendship between the students of German and American universities, thereby leading to a closer bond of sympathy between that nation and the United States, delegates from the Deutscher Verein of leading colleges and universities in this country will meet here on March 20th to 22nd to organize a collegiate "Bond of German clubs."

Announcement of the purposes of the convention were issued tonight by Munroe Curtis, secretary of the Verein at the Columbia university.

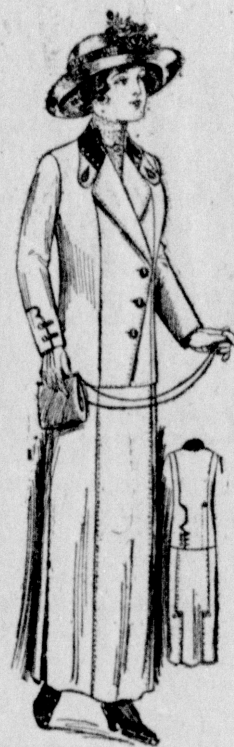

### JUSTICE COURTS.

Harry Durrand, arrested on a charge of arson, was given a preliminary hearing in Squire Dyer's court Saturday when he was placed under \$1,000 bond to await the action of the grand jury. In default of bond he was committed to the county jail.

### IS ILL IN INDIANA.

Jacksonville friends of J. H. Kidwell have received information that he has been very ill at Hagerston, Ind. He was somewhat improved when heard from last and his friends are hoping for a speedy recovery.

## Featuring Easter Garments

At this season of the year nature begins her annual change from the garments of winter to the fluffy fairy robes of spring, and we follow her example, so that now we feature the bright new things that will be worn by the women of style.

It's all waiting for you to come down and examine, to compare, to criticize, yours to buy, if you feel in the mood.

May we expect you?

**BUY YOUR HATS EARLY AND AVOID THE EASTER RUSH. STRAUSS' EMPORIUM.**

### CITY AND COUNTY

Lloyd S. Reid has gone to Chicago on business for several days. Paul Trabue of Girard, is visiting with relatives in the city over Sunday.

Quality and quantity in our Neptune coffee, and you can get it for 30c per lb. Zell's.

Mrs. Thomas McIlvaine of Tuscola is in Jacksonville for a visit with her daughter, Mrs. H. D. Dobyms.

Mrs. A. W. Cox and daughter Miss Florence have returned from an extended stay at Hot Springs, Ark.

Dr. Charles E. Scott has returned from St. Louis where he went to attend the funeral services of J. W. Moon.

Mrs. William Spencer Jr., and two sons, George and William of South Clay avenue are visiting with relatives in Barry.

30c is the popular price to pay for coffee. You can't beat our Neptune coffee for the price. Sold only at Zell's.

Dr. W. P. Duncan and Rev. Hy S. Alkire have returned from a week's stay at the club headquarters at the LaGrange locks. They report an excellent time and some luck with the gun.

Mrs. Jerome Gates and children, who have been making an extended visit with Mr. and Mrs. R. A. Gates, started yesterday for their home in St. Paul, Minn. Mr. R. A. Gates accompanied them to Galesburg.

Mr. and Mrs. S. D. Taylor of Champaign are guests at the home of Mr. and Mrs. C. Riggs Taylor on South Main street. They came to attend the funeral of Kenneth Anderson which will be held to day at Franklin.

No name good enough, but just as good by any other name our combination coffee we have named "Neptune." Remember the name and its only 30c per pound at Zell's.

### WITH THE SICK.

Mrs. A. F. Kither, who was called to Hoopston on account of the serious illness of her daughter, Mrs. W. C. Weldy, has written to friends in the city announcing that her daughter is somewhat improved, but it not yet entirely out of danger.

Mrs. A. C. Berry of South Clay avenue and little daughter Frances have gone to St. Louis, called their on account of the illness of Mrs. Berry's sister, Mrs. Calvis Connor of Great Falls, Mont., who will undergo an operation at one of the St. Louis hospitals.

Mrs. E. P. Heck of East College street is reported ill.

William Thies who has been a patient at Our Savior's hospital where he underwent an operation, has recovered sufficiently to be taken to his home west of the city. His many friends will hope to see him out in a few days.

**REMEMBER FLORETH'S THIS WEEK FOR YOUR EASTER HAT.**

Supervisors of Kane county have appropriated \$2,000 for the aid of the county farmers organization in securing a soil expert, and a like amount for the installing of sign posts at every cross roads in the county. Both are measures for the public good.

### RECEIVES COMMISSION.

W. C. Howe has just received a certificate showing that he is now commissioned as an official instructor for the Grand Encampment of Illinois I. O. O. F. The commission is signed by George B. Roller of Canton, grand patriarch.

### BUYS FINE MODEL CAR

Nelson McMurphy is Owner of Seven Passenger 1913 Cadillac.

Nelson McMurphy, vice-president of the Illinois Steel Bridge, company, has just bought a beautiful new 1913 model, 7 passenger Cadillac touring car from the local Cadillac dealer, S. W. Babb. With its blue body and black chassis, this car is one of the most beautiful made. It is a car, too, of great endurance and faultless operation, is electrically equipped and fitted throughout with all of the latest devices for safety and comfort.

Don't hang your heavy clothing and furs in a closet—one of Garland & Co.'s cedar bags insures them against moths and dust. Ask to see them.

### TO HOLD OPEN MEETING.

The Lambda Alpha Mu literary society of the Woman's college will hold an opening meeting Tuesday evening, March 18th in Music hall at the college. The public will be cordially invited to attend.

### FREE LECTURE.

Dr. F. A. Holtzhauser will speak in the First Baptist church this afternoon at 3 o'clock. His subject will be "The Monk That Moved the World." Everybody invited. This lecture is given under the auspices of the Y. M. C. A.

**WANTED**—Experienced housekeeper, middle age woman preferred. Apply, L. C. & R. E. Henry millinery store. 3-16-17

### POISONOUS GAS IN STOMACH

Nothing Like MI-O-NA Stomach Tablets to Instantly Banish Misery.

Gas forms in your stomach because food you eat ferments and turns sour.

Allow this fermentation to go on and these gases become poisonous and the poison gets into the blood.

MI-O-NA Stomach Tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminates it through the natural channels.

If you have stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, MI-O-NA will give gratifying relief in five minutes.

They are sold on money back plan for acute or chronic indigestion, nervousness, headaches, etc. At Coover & Shreve's and druggists America over 50 cents. Postal will bring trial treatment.

## SPECIAL SCOTT'S THEATRE MONDAY

March 17th

### The Inauguration of President Wilson

## WILL MAKE FINAL EFFORT TO SAVE CHARLTON FROM EXTRADITION

Case of American Charged With Killing Wife in Italy Will Be Argued Before Supreme Court.

Washington, D. C., March 15.—A final and determined effort to save Porter Charlton from being extradited to the Italian authorities demanding that the prisoner be turned over to them to be tried for the murder of his wife, Mary Scott Castle Charlton, at Lake Como, Italy, on June 9, 1910, will be made when his case shall come up for argument before the United States supreme court next week. The case was taken to the supreme court on an appeal from the action of the United States circuit court at Trenton, N. J., denying a writ of habeas corpus sued out by Charlton's father to review the proceedings before County Judge John A. Blair, sitting as a committing magistrate, who held Charlton for extradition.

The argument in the supreme court will hinge largely on the contention of Charlton's counsel that the treaty between the United States and Italy made in 1868 has been nullified by the refusal of Italy to permit the extradition to this country of Italians accused of crime and that consequently the United States is not compelled to deliver Charlton over to Italy. Another crucial question to be argued will be whether an error was committed by the committing magistrate in refusing to allow Charlton's counsel to prove that the prisoner was of unsound mind at the time of the commission of his self-confessed crime. Mr. Graves, who will argue the case for the Italian government was prosecutor in the proceedings before Judge Blair and succeeded in keeping out all evidence tending to show that Charlton was insane. His term as prosecutor recently expired and Gov. Wilson appointed Robert S. Hudspeth to succeed him.

Porter Charlton is the son of Paul Charlton, who resigned his position as United States judge for the district of Porto Rico a short time after the arrest of his son. Young Charlton received a fairly good education and, before he had reached his twentieth year, found employment as clerk in the National City Bank on Wall street. During the winter of 1909-10 he became acquainted with Mary Crittenden Scott Castle, a former actress who had just been divorced from her husband, and after a courtship they were married in Philadelphia on March 12, 1910. For several months they lived at the Hotel Woodward, in New York, before they started on a trip to Europe.

They made their first stop, after reaching the Italian lake region, at Cernobbio, where they took lodgings at the Hotel Suiso. They quarreled so much, however, and there were so many violent domestic scenes between them, that the manager of the hotel was forced to ask them to leave. The young couple rented the Villa Legnazzi, above Moltrasio, on Lake Como, where their quarrels continued to the last. On June 8, 1910, villagers passing the villa found it apparently closed. Neither Charlton nor his wife were seen in or near their villa. On the morning of June 10, fishermen found in Lake Como, not far from the Villa Legnazzi, a trunk which contained the body of a woman who had apparently been murdered. The body was identified as that of Mrs. Charlton and suspecting that the woman had been murdered by her husband, the authorities notified the police throughout Italy to be on the look-out for Charlton and to arrest him when found.

Having murdered his wife with a mallet and having disposed of her body by throwing it in the lake, Charlton, carrying only a suitcase with a few clothes, left Moltrasio and went first to Como and then to

Genoa, where he took passage on the steamship Princess Irene, bound for New York. The steamer touched at Naples, Palermo and Gibraltar and at each port detectives made a search for Charlton, who traveled under the name of Jack Coleman, without detecting his identity.

It was due to the efforts of Capt. Henry Harrison Scott, the brother of the murdered woman, that Charlton was apprehended upon the arrival of the steamer Princess Irene in Hoboken. Charlton at first denied his identity, but in the face of positive evidence discovered in his baggage, not only admitted his identity but made a full confession of his crime. He claimed that both he and his wife had ungovernable tempers and constantly clashed. Becoming exasperated upon one occasion, he killed her.

Charlton's father gave up his position in the insular department and came to his son's assistance, by engaging several prominent lawyers to defend the young murderer. It is claimed by Charlton's lawyers that the young man is consumptive and suffering from periodic attacks of insanity and it is believed that they will mainly rely upon the plea of insanity to prevent the extradition of Charlton to the Italian police authorities.

**TAXES! TAXES!**  
Are due and payable at the sheriff's office. Bring your last year's tax receipt or a complete description of your property when making payment.  
W. B. Rogers,  
Sheriff and Collector.

**MOTHERS' MEETING.**  
Quietly and without ostentation the free kindergarten has been doing a work of such great benefit as the average citizen little realizes, and as but few fully appreciate.

The attendance and general results have been larger than in any previous year. This is due to the fact that the kindergarten has a more settled place in the hearts of the community, and also to the high standard of work done by the kindergarten and her assistants. Among the worthy features of the year has been the mothers' meeting. The one for March will be especially attractive. Miss Neville will tell the mothers "How to make the Bible interesting to the children." Miss Jeanette Powell will give a reading and a duet will be sung by Mrs. Wood and Miss Hopper.

All interested friends are invited to this meeting to be held at the rooms, over Graham's hardware store, Tuesday afternoon at 3:30 o'clock.

**EXAMINATION FOR TEACHERS' CERTIFICATES.**  
Examination for teachers' certificates will be held in my office in the court house on Friday and Saturday, April 11th and 12th. Candidates for certificates are requested to appear on Friday morning as two days will be required to complete the work. Examination will begin at 8 o'clock a. m.

H. C. Montgomery,  
County superintendent of schools.

**READ THIS**  
The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for Illinois testimonials, Dr. W. E. Hall, 2325 Olive street, St. Louis, Mo. Sold by druggists.

**WARNING.**  
Drivers of vehicles found on the streets without a city license on and after April 1 will be arrested and prosecuted.  
George P. Davis,  
Chief of Police.

## CHATS WITH GREAT MEN OF THE CIVIL WAR

By Mrs. Gen. Pickett.

Copyright, 1913, by The Press Publishing Co.  
(The New York Evening World.)

GEN. U. S. GRANT

walked off in different directions and looked out of separate windows, and I stole away.

The first time I saw Gen. Grant was through our headquarters field glasses from the Howlett House line on the James river, opposite Dutch Gap canal. This line, across Swift creek and Fort Clifton on the Appomattox was held by Pickett's division after the retaking of Bermuda Hundred, for which capture Gen. Lee sent to Gen. Pickett most complimentary acknowledgments. This was in the summer of 1864. Grant was standing on the slop across the waters peacefully smoking. Beside him were Mrs. Grant and his friend, Gen. Rufus Ingalls.

My next memory of him was at the Pennsylvania station in Washington not long after he became president of the United States.

"Hello, Pickett," he said. "Up to your old tricks, getting in ahead of the train" (referring to an old war story), as we came upon him sitting in the carriage at the depot.

"Yes, General—Mr. President; I beg your pardon—the Southern, which they tell me is usually behindhand, must have known that I was obeying the order of my commander-in-chief and came in before-hand," replied my soldier.

"I wonder, Pickett, if that title thrilled you in speaking it as it did me in hearing it; and, by George, I wish from my heart that you were back in the old army."

For want of something to say, after a reference to West Point, I remarked:

"All presidents should have the West Point, as well as the political and collegiate training."

"Perhaps," he courteously replied, "but so far Gen. Taylor and I are the only ones who have been trained as soldiers. Neither of us, I believe, have been educated in politics. Taylor was an immense slaveholder, and that is one charge that my party could not bring against me as an excuse for not voting for me."

He told me afterward that it was not his ambition to be a soldier; that he had preferred any other occupation, and that when his father told him he had secured his appointment to a military academy he said:

"If you have, I shall not go."

"I think you will, sir," said my father. And after that look I thought so too.

"I don't think, however," Grant continued, "that I would have succeeded at anything else. I know I shouldn't as a merchant or tradesman. When I was about eight years old I was anxious for my father to buy me a horse that belonged to a neighbor. My father didn't think it was worth the \$25 the neighbor asked, but told me I might offer him twenty. If he would not take that I might offer twenty-two, and if he refused and I still wanted the horse I could give him his price. When the farmer asked me what

my father said I told him word for word. Maybe you can guess how much I had to give for the horse. And if you know much about boys you know how much my life was worth when my schoolmates found out about my bargain."

Grant loved horses, and in the Academy was not only noted for his horsemanship but for making the highest leap down in the annals of West Point. He told me about his first experience in riding in public.

"It was at the circus," he said. "I got in by crawling under the tent. They had a trick mule and offered a dollar to any one who would ride him around the ring. The first time I tried, just as we got nearly around, he threw me over his head. I asked them to let me try again, and mounted with my face to the rear, catching hold of the mule's tale. He was so surprised and memorialized he for got to play the trick and took me peacefully on to the end. I carried off the dollar."

"If I had any distinct aspirations when I was in the Academy," President Grant said, "it was that sometime in the dim future I might hold a professorship there in mathematics."

The bitterness of the surrender of an army, unconquered in soul though exhausted by starvation and crushed by overwhelming force, was softened by the tender chivalry of the rugged soldier and great-hearted man whom destiny had led to the dominant place in this impressive scene.

"But," said Gen. Grant, "the story that Gen. Lee offered me his sword and I refused it is pure fiction. The thought of side arms had never entered my mind until I was writing out the terms of surrender, when, providentially chancing to look up at him, I saw Gen. Lee glance down at magnificent sword given him by the State of Virginia. It flashed upon me what an added heart-break it would be to the great soldier to part from a weapon so endeared to him by sacred memories, and I immediately inserted the clause which reserved to the Confederate officers the right to retain their side arms."

The tenderest memory I have of Grant, because it is the one closest to my heart, is of him and Pickett as they stood facing each other in his office. The President always faithful to his friends, was urging upon my Soldier, whom the war had made poor, the marshaling of the State of Virginia. The General, knowing that his acceptance of this appointment, solely as he need it, would create for the President a host of enemies, said:

"You can't afford to do this for me, Sam; and I can't afford to take it."

"I shall never forget the look of gratitude in my Soldier's tear-dimmed eyes as he turned them upon the President, nor of Grant's look in return as they silently shook hands

## Bell System

If he could be in both places at once—here at your elbow and out there where the job is!

Nothing Simpler! The telephone works this miracle for thousands of widely separated partners.

One can see and the other can hear how the work is progressing.

One can plan, keeping the other advised of how the work progresses.

No need to pull him off the job.

Most of the big construction work the country over, is done with the help of the Long Distance Telephone.

Central Union Telephone Company.

E. J. Howells, Manager  
Telephone 250.

## You Save Money

by having dealings with us if you wish to make a loan. It's hard pulling against the stream of increasing prices and the best of us are often closed pushed. To such we offer the assistance of a loan in any amount on their personal security and it can be repaid a little at a time if desired. Charges low and privacy guaranteed. We write fire insurance.

## NOTICE

## To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat . . . . . 10.00 to 14 per cent  
Crude Protein . . . . . 52.50 to 60 per cent  
Crude Fibre . . . . . 1.00 to 3 per cent  
Phosphate . . . . . 10.00 to 12 per cent

## What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

## What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

**Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.**

For sale at the office of Jacob Cohen & Son, West Lafayette avenue. Call or write for any further information. Illinois phone 355. Bell Phone 215

The Chamber of Commerce of Jacksonville is today an organization of great power and influence, because of the many different interests it represents. Instead of having a little better than one hundred members, we have nearly five hundred, including the members of the Young Men's department or Boosters' club. Every member must feel that he is an integral part of this big association of business men, but before each can possess this feeling they must be kept acquainted with the work of the many committees.

It is an impossible task for the secretary to call on all the members even once a month, as his time is more than taken up by the duties within his office. How then are all the members, who are contributors of their \$12 per year as dues, to know what they realize from such a good investment.

What the secretary would like to do is to publish a bulletin or paper monthly, giving complete information about the Chamber of Commerce activities. This is impossible at the present time for a number of reasons, and accordingly he must content himself to adopt the next best substitute.

The Journal and Courier have consented to permit the secretary to publish at the close of each week a separate department of news, which will include reports of the directors and different committees, exchanging items showing what other cities are doing through their commercial clubs, and notes concerning our own organization. The members will always find this information under this distinctive department heading. Quite likely it will alternate each week and appear in Saturday's evening Courier or Sunday morning's Journal. We are indebted to the newspapers for this courtesy, for the cities are few and far between, where more pleasant relationships exist between the office of the commercial organization and the newspapers than in Jacksonville.

President Andrews better known as Prexy has left the city and will be gone until the later part of next week. The arduous duties as head of the Chamber of Commerce have made it necessary that he take this vacation.

The office of the Chamber of Commerce is taking on more life than it has in many months. On the average of nearly two committee meetings have been held every day. The work of the organization is successfully performed must be assigned to committees. All activities come under one of the seven following departments:

Promotion—O. F. Bueff.  
Transportation—Charles Knollenberg.  
Retail Merchants—T. M. Tomlinson.  
Public Affairs—H. J. Rodgers.  
Rural—F. J. Heinel.  
Finance—Harry M. Capps.  
Young Men's Department Ralph Dunlap.

Over each department is an executive chosen so as to include men who are interested in the respective line of work. This departmental ideal enables the chairman to appoint all sub-committees that are required, thus making them separate organizations.

### OBITUARY.

Zilpha Ann Graves was born in Indiana, January 14, 1837, and passed peacefully away at her home nine miles west of Jacksonville, Wednesday, March 12, 1913, at 2:45 a. m., at the age of 76 years, 1 month, 26 days. She came to Illinois with her parents when a child about 9 years of age. April 12, 1857, she was united in marriage to John Bobbitt Chrisman of Lynville and they were the parents of twelve children, six of whom have preceded her in death. She is survived by six children—Miss Hannah L. John N., and Lewis E. Chrisman, at home; Mrs. Emma J. Bethard of Beardstown, Mrs. Sarah B. Smith and Mrs. Martha F. Renner of Vermont. Also twelve grandchildren, two great grandchildren and one brother, Elias E. Graves of Fargo, Okla.

Many of the friends and neighbors of this vicinity and especially the relatives and immediate friends will easily remember the sad occurrence in this same home, five years ago, when the husband, John B. Chrisman, and a daughter, Mrs. Nancy E. Rawlings, departed this life within eight days of each other.

At the age of 14 years Mrs. Chrisman united with the Methodist church at Buckhorn, and seven years later she joined the Christian church at Lynville, Ill. In the year of 1888 she removed her membership to the Christian church at Chapin in order that she might be associated in her Christian work with her children, who were members of that church. Mrs. Chrisman was a thoroughly consecrated Christian and was a woman of high intellectual attainments. She had ever been a great reader, taking the Bible as her guide, and her mind was stored with the knowledge of many subjects which were ever at her mind to recall. This made her an interesting conversationalist and one whose advice and help were frequently sought. She had been failing in health for several years and in her last illness was confined to her bed for over three months, her death being due to the weakness incident to old age, and heart trouble. She was a patient sufferer and always kind and considerate of those around her.

Mr. Nichols Roberts who was connected in an official capacity with the Springfield Commercial Club, and who is now an active and enthusiastic member of the Association of Commerce of Chicago as a member of the committee of the Relations with Commercial Clubs of Illinois, will spend Monday in Jacksonville.

He will be the principal speaker at the first noon day luncheon to be held at the Peacock Inn. This luncheon is somewhat an experiment as there is no way of knowing the number of members who will attend. The Secretary has reserved one hundred plates and it will be a disappointment if that many are not present. No more time will be consumed than if you went home for luncheon, and you will hear a good speaker.

The Springfield Commercial Club hold these noonday luncheons weekly and great interest is shown in these occasions. Secretary Fritchey invited Mr. Harry Snape, Secretary of that organization to be over Monday but it is doubtful if he can come as he is busy arranging for such a luncheon at which President Worthington of the C. & A. will be the principal speaker.

Many men of prominence have promised to attend at future dates, and this feature in connection with the Jacksonville Chamber of Commerce will be continued if the members turn out.

Mr. P. H. Day, representative of the Real Estate Bulletin of Kansas City and a booster for the Trans-Continental Highway going via Jacksonville has been in the city during the past week. Friday he appeared before the executive committee of the Chamber of Commerce and sought the official endorsement. They approved of the plan but did not think it advisable to endorse the paper in connection with the movement he represented.

Mr. James H. Shaw met with the Chautauqua Committee and extensive plans are being made for this year's Festival.

Mr. T. M. Tomlinson head of the Retail Merchants Department has been quiet busy the past week. The Credit Rating Committee is revising their system which will be kept up-to-date in the future. The retailers have the following committees actively at work: Publicity, Credit, Rating and Merchant's Free Transportation Association.

Mrs. Chrisman looked forward to her final dissolution with a calmness and serenity that was beautiful to behold. Possessed of a firm and steadfast faith, it was her comfort and strength in the days of her mature womanhood and in the evening of her life, a sweet solace. She had long been ready to answer the last summons and when it came she was ready and willing to go.

A precious one from us is gone, A voice we loved is stilled; A place is vacant in our home Which never can be filled.

Safe in the arms of Jesus, Safe on his gentle breast, There by his love o'ershadowed, Sweetly my soul shall rest.

Funeral services were held at the late residence Friday afternoon, March 14, at 2 o'clock, in charge of Rev. Mr. Hougham, pastor of the Christian church at Chapin, in the presence of a large gathering of relatives and friends. Music was furnished by Miss Hattie Bobbitt, Mrs. McKinney, William McAdams and W. W. Gillham, and the flowers, which were many and beautiful, were cared for by Miss Marie Smith, Miss Myrtle Smith, Mrs. Jewsbury, Mrs. R. R. Adams and Miss Verna Lewis.

Interment was made in the Lewis cemetery and the bearers were Geo. Hogan, Albert Jewsbury, Fred Jewsbury, Charles Lynch, Samuel Coulton and R. P. Adams.

### QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

ALEXANDER VISITORS. Among the visitors in the city yesterday from Alexander were Miss Agnes Hagel, Miss Anna Colwell, Miss Kate McCarthy, Mrs. Andrew Johnson Jr., Mr. and Mrs. John Chapman, Mrs. Barbara Ludwig, Mrs. George Hubbs, Miss Hazel Ferguson, Miss Mabel Howard and William Colwell.

### ILLINOIS STATE MUSIC TEACHERS ASSOCIATION

Twenty-Fifth Annual Gathering Will Take Place May 13 to 16 in Bloomington.

The Illinois Music Teachers Association will hold their state meeting this year in Bloomington, May 13-15. Some splendid talent will appear on the program also lectures on musical subjects. The program.

Tuesday, May 13.

## "Separates the Money From the Milk"

No. 5 Simmons Self-Balancing Cream Separator. Capacity 500 lbs per hour \$75.00.

The Simmons Self-Balancing Cream Separator is the latest on the market.

It is the most simply constructed machine made, having fewer parts. It is the easiest to clean. Having a self-balancing bowl, it is the easiest to run; having the discs pointed downward, it requires no attention; having the discs interchangeable; it requires no care in replacing them. It is self-oiling and is as nearly mechanically perfect as a machine can be made.

The bowl of the Simmons Separator is self-balancing—hence its name. Directly you turn the handle of the Simmons Self-Balancing Cream Separator, the bowl at once finds its own balance in revolving.

Now, this matter of bowl balance is highly important. It eliminates friction and wear—eliminates repair bills and insures clean skimming. Remember that you can't get a self-balancing bowl unless you buy the Simmons Self-Balancing Cream Separator.

#### GET HIS HAIR BACK.

Use Perfectly Bald When He Started to Use Newbro's Herpicide.

Fredrick Mantell, Maryland block, Baltimore, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone, the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. TWO SIZES—50c. and \$1.00.

For Sale at all Drug Stores.

## Ugly Sores Quickly Banished

You Marvel How Worst Skin Eruptions Disappear as Result of Famous Remedy.

If you have been fighting some blood trouble, some eruptive skin disease, call it eczema, lupus, psoriasis, malaria, scrofula or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.

## PACKING HOUSES DO GREAT VOLUME OF YEARLY BUSINESS

Swift & Co. Booklet Shows That Daily Turn Over Approximates One Million Dollars—Greater Consumption of Lamb and Mutton Will Cut Beef Cost.

Swift & Co. in their 1913 year book present a great many facts about the meat industry which are of interest to the general public. In the first place the booklet gives data which furnish some insight into the tremendous volume of business done by one great packing concern within a year's time. The figures show that the daily turn over of business has been about \$1,000,000 for each working day during the period covered by the report. Special stress is laid upon the possibility of reducing the cost of meat by increasing the consumption of mutton and lamb and eating less beef. Mention is made to the need to conserve calves by holding down the use of veal. Some extracts from the booklet follow:

"To obtain the golden fleece of reduced prices on meat the consumer has no need to journey into a far country. This golden fleece hangs on the hook in the near-by market and the consumer has only to grasp it. It is his opportunity to take advantage of the low prices at which mutton and lamb are sold, and by purchasing these meats relieve some of the pressure of the present demand for beef.

"During the last year there were over twenty-seven thousand people on the payroll, working under somewhat more favorable conditions than heretofore.

"Our turn-over this year has exceeded three hundred million dollars, and you can readily calculate that this is about one million dollars per working day.

"Eighty per cent of which has been paid in cash for livestock. About eight per cent reaches the homes of the working people in wages.

"About five per cent is freight paid to the railroads.

"About seven per cent, the remainder, is expenses, supplies, dividends, and addition to the surplus.

"The causes of high beef prices are decrease in the production of cattle and decrease in the weight of cattle. The decrease in production is manifest in the diminution in receipts of cattle at the principal markets.

"The decrease in the weight of finished cattle appears in a comparison of the average weights of cattle in 1911 and 1912. This shows a decrease of eighteen pounds a head, or a total weight shortage of 704,498, 355 pounds for the past year.

A comparison of 1911 and 1912 receipts ending November 30th, both as to number and weight shows the following at nine markets.

1911 cattle	8,604,355
1912 cattle	8,044,090
Decrease in number	560,265
1911 average weight	999 lbs.
1912 average weight	981 lbs.
Decrease in average weight	18 lbs.

On this basis there were 704,498, 355 pounds less live stock available for beef during 1912. With such a shortage there is small wonder that record prices were realized for prime corn-fed steers.

Many men of national importance and experts of the Department of Agriculture at Washington have seen the danger and are trying to arouse the people of live stock to meet the increased demands of a growing population.

A steady supply can only be secured through a careful study of the problem of supply and demand and adjustment of the supply to meet the demand.

Statistics show an increase of approximately 16,563,857 persons in the United States for the past 10 years, and a decrease of 7,468,000 head in the supply of cattle.

From this it is evident that the consumer, if he does not wish meat food values to mount still higher, must advocate increased production of cattle.

One of the most effective methods of increasing the beef supply of the country and thereby lessening the prevailing high prices of beef would be the restriction of the sale of veal.

The United States is the greatest veal-consuming country in the world. Its demand for veal is so great that the number of calves slaughtered has increased 100 per cent in the past decade. In the United States during 1911 there were slaughtered eight million calves. These 8,000,000 calves did not average over 70 pounds.

If they had been allowed to live one year they would have averaged 600 pounds of good beef, and would have given the country 4,800,000,000 pounds of beef instead of only 560,000,000 pounds of meat.

According to a conservative estimate this four billion odd pounds would furnish a city of 350,000 people with its total meat supply for over fifty years. This gives some idea of the country's immediate loss of beef supply by the slaughter of calves.

#### ADMINISTRATOR'S NOTICE.

Estate of Peter Vasey, deceased. The undersigned having been appointed administratrix of the estate of Peter Vasey, late of the County of Morgan and State of Illinois, hereby give notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville at the May term on the first Monday in May next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this fifteenth day of March A. D. 1913.

Eliza Vasey, Administratrix.

#### VEHICLE LICENSE.

The vehicle tax for the year 1913 is now due and payable and all owners of vehicles are requested to make prompt settlement and avoid further expense.

R. L. Pyatt, city clerk.

#### ILLINOIS COLLEGE NOTES.

The judges at the joint debate Wednesday evening will be the Honorable Thomas E. Lyon of Springfield, Superintendent E. A. Doolittle of Carrollton and Professor George R. Throop of Washington university, St. Louis. The debate will probably be held in the gymnasium. Great interest is being manifested in the debate and a large crowd is anticipated.

Miss Helen Robinson's class in gymnastics will give a demonstration of their work in the college gymnasium, Wednesday afternoon at 4 o'clock. The friends of the college are cordially invited to this exhibition.

Professor Percy F. Whistler, of the department of mathematics and physics, delivered a lecture at the public library Tuesday evening on the "Laure of the Stars."

Dr. and Mrs. T. J. Pitner entertained the members of the campus improvement committee at supper on Thursday.

The spring recess will begin on Friday morning, March 21. Class work will be resumed Monday afternoon.

#### MEMORIAL PROPOSED.

Admiral Robert E. Peary has consented to become the President of the American branch of the Scott Memorial Fund and Clarence H. Mackay, Vice President. Henry Clews of 15 Broad Street, New York the Treasurer of the Fund announces the receipt of donations amounting to \$1,500 including \$1000 from Captain Amundsen, the discoverer of the South Pole. The American Fund is working in corporation with the Mansion House fund to provide a fitting memorial to brave men whose

names are honored equally on both sides of the Atlantic. Not merely England but all humanity, it is felt, is richer for the example of the Antarctic Heroes. Most of the money needed for the Scott Memorial will be raised, of course, by the fellow countrymen of the dead men but the American-Scott committee hope to collect \$10,000 in the United States as an American contribution. To accomplish this Admiral Peary appeals with confidence. "The World", he says, in his appeal for donations, "needed the example of Scott and his dead comrades as future generations will need ours. The world is giving to the case and the United States should not be left behind."

#### HOW TO GET STRONG

##### A Simple Remedy.

Weakness may be caused by a run down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which

makes it so successful and we will return your money if it does not help you. Lee P. Alcott, Druggist, Jacksonville, Ill.

P. S. For Eczema of scalp try our Saxo salve. We guarantee it.

#### BRADY BROTHERS

# EDISON'S LATEST INVENTION

IS ON DISPLAY AT

## Brady Brothers

The new Disc Phonographs and new Indestructible Disc Records are here. If you are thinking of buying a Phonograph or Talking Machine, be sure to see and hear this marvelous instrument before you take another step

It was not by accident that Mr. Edison discovered the secret of recording and reproducing the overtones or tone colors of music. It is this discovery which makes the Edison Disc Phonograph a musical instrument and distinguishes it from talking machines. To accomplish this Mr. Edison has spent an amount of money which would stagger any manufacturer of talking machines. He has spent years of his time--and his time is admitted to be the more valuable than that of any other man--in pursuit of ideals which are realized in the Edison Disc Phonograph.

We want to mention just a few Advantages this Invention holds over all other Phonographs or Talking Machines.

The Edison Disc Phonograph is not a talking machine. It is an instrument that truly reproduces music with the overtones or tone colors. It is the greatest musical instrument in the world. It requires no bothersome changing of needles. Instead, it has a permanent, genuine diamond to take their place.

The records will positively not wear out. All other Discs wear out very quickly. Edison uses a new material. Edison's records play almost twice as long as any other disc records. Edison will have artists that will not sing or play for other competitive companies. The tone quality is positively the clearest, most natural tone ever produced in a sound producing instrument. There are other important advantages too numerous to mention here. For over six years Mr. Edison, the wizard and master mind, has been working on this invention and we are now in position to let the public hear and see what he has achieved. All are welcome. Call and let us show you all about it and hear for the first time the Instrument that plays real music.

# AUCTION SALE OF TOWN LOTS!

On the Premises, Jacksonville, Ill.

## Tuesday, March 25, at 2 P. M.

RAIN OR SHINE.

We have Purchased what we think the Best Piece of Land in Jacksonville for City Lots, namely,

### The Old Morrison Property

ON GROVE STREET, and have a crew of men beautifying and platting this property into town lots, with streets and alleys, and on Tuesday, March 25th, at 2 p. m., we will sell these nice lots at public auction to the highest bidder, regardless of what they bring, on easy terms. No by-bidding. **NOW LISTEN:** When we say we are going to sell these lots at auction **WE MEAN** what we say. We will sell every lot put up, lose or win; that is our business. We are town lot men, and believe we know good stuff when we see it, and if this is not good stuff we are fooled one time.

You know that high class real estate is the best investment on earth; you know these are high class lots; know lots like these are scarce and high in Jacksonville; you know that lots sell cheap at auction; you know that a town that has grown to the importance that this town has, with her fine farming country, strong banks and business houses, cultured people, fine churches, good schools, to back her up; there is only one way for lots to go, and that way is higher and higher. So attend this sale. Buy a few of these lots and watch your money grow. This the last chance at these lots without paying a handsome profit, so get busy on day of sale.

### **\$10.00 IN GOLD FOR A NAME!**

We will give the two ladies sending in the best name for this new addition \$5 each in gold, provided you are on the grounds the day of sale. All names must be sent to Walton Brothers at Pacific Hotel by Saturday, March 22th.

**\$50 IN GOLD GIVEN AWAY.** In order to show our appreciation of your presence on the grounds we are going to give away free \$50 in gold. You don't have to bid to get this gold, but you must be on the ground the day of sale. Brass band to entertain you. Come out and hear the noted auctioneers, Col. Igleheart of Kentucky, and Col. Reppert of Indiana. Come out and let's have one big afternoon. Your neighbor will be there.

**REFERENCES:** Our home banks, or any bank or business man in the following towns in your own state: Mt. Sterling, Golden, Bowen, Loraine, Mendon, Camp Point, Baylis, Augusta, Blandingville, Bushnell, Farmington, Toulon, Vandalia, Flora, Fairfield, Albion, Clay City, Virden, Auburn, Pawnee and many more.

Don't forget the date, Tuesday, March 25th, 2 p. m., rain or shine. Special invitation to the ladies

**WALTON BROS., Glasgow, Ky.**

## JOHN W. SLAYTON

Fourth Lecturer of the Socialist Lecture Lyceum Course, Monday, March 17th.

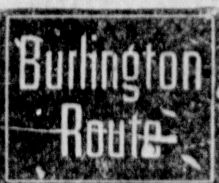

JOHN W. SLAYTON

Mr. Slayton is today one of the best and most widely known speakers in the Socialist movement. The story of his life is interesting. Born in a log cabin among the Virginia hills, he was unable to read or write until he was thirteen years old, and his school education was confined to a few months (15) in a typical backwoods school house. As a boy, he worked on a farm and in a saw mill, later becoming a carpenter, which trade he followed for twenty-three years. Since becoming a Socialist in 1897, he has traveled extensively, lecturing and debating on Socialism in 38 states.

The Herald, Titusville, Pa., said of him: "Whatever any one might think of Socialism as a general proposition, or however much he might dislike its alleged principles, as set forth by amateur agitators, he must, nevertheless, confess that this man, John W. Slayton, talks reasonably, consistently and very much to the point."

## If You are Going West

By all means find out about the special low one way Colonist fares on sale daily, March 15 to April 15. You can save a neat sum of money by going at that time. The Burlington is the through train route to the Northwest and the through car route to California. Come in and get your copy of our Colonist folder, telling all about these fares and the service.

## KLAUS NOT YET WORLD CHAMPION

PAPKE VICTORY DID NOT WIN  
AMERICAN MIDDLE-WEIGHT  
TITLE.

McGoorty Yet Stands Between the  
Pittsburgher and the Champion-  
ship Goal—Packey McFarland's  
Claim Still Holds Good.

By James J. Corbett,  
Former Heavy-weight Champion of  
the World.

(Written for Jacksonville Journal.)  
The mooted question of whom among the middle-weights shall succeed to the title vacated at the time of Stanley Ketchel's death is rapidly approaching a final settlement. As a result of an easy victory over Papke in Paris last week many experts are already hailing Frank Klaus as the world's champion.

In this they are a trifle premature. By beating Papke the Pittsburgher did not win the American championship. Billy was a dead bird long before he bumped into Klaus. His decline dates back more than two years, and if anybody will take the trouble to study the record books he will find that the Keweenaw boxer was long since eliminated as a championship possibility.

But I am not aiming to take away the credit of victory from Klaus. There is no doubt that Frank is one of the very best middle-weights in the country, and that means the world in this particular division of pugilism as American boxers have demonstrated beyond question that they outclass English, Australian and French representatives. At the same time Frank will have to show the home folks a little more before we can hand him the title.

McGoorty stands between Klaus and the championship goal. While Eddie has not shown top-notch form it is thought that nothing really serious is the matter with him—that is, nothing a short rest and proper training will not remedy. And it will not do to overlook the fact that some of his performances have been little short of sensational and excel anything ever shown by his rivals. Notable among these was the quick defeat of Dave Smith, champion of Australia; also the knock-out in one round of Jack Harrison, claimant of the English title.

Before Klaus can be conceded the honors McGoorty will have to be eliminated from the race. The boys have never met. A respect for one another's prowess has prevented a meeting so far. Last year Jim Corbett tried to bring them together, but McGoorty refused to make 158 ringside, thereby indicating a very high regard for the skill of the Pittsburgher; and the latter was equally firm in insisting that the weights comply with the rules governing the championship in this country. Probably neither was anxious to settle the question of superiority at the time. It looked that way certainly as both Frank and Eddie stood pat and the deal fell through.

The time has arrived when the bout cannot be postponed much longer. The sporting public, recognizing the men as the best equipped of all the aspirants, will insist upon a contest. But it is doubtful if the match will take place in Paris as many seem to think. Frank would be compelled to defend the European title at 160 pounds on the other side and as he has heretofore insisted on the American limit in negotiations with McGoorty it is only reasonable to expect he will hold out for that figure for a battle that will virtually decide the championship. This looks like the U. S. A. for the battle ground.

Packey McFarland's claim to the title of cleverest boxer in the "misfit division" of pugilism is still paramount. By "misfit" I mean the class that is neither light nor welter. In the contest with Britton he scaled at 140 ringside, which is dangerously close to the welter-weight limit. Probably the best Packey could do for any match would be 135 several hours before entering the ring. Those few extra pounds have long stood between this boy and the light-weight championship.

Packey outclassed Britton just as he outclasses all the boys who tackle him. His equal as a boxer anywhere near the weights is yet to be uncovered. Possibly Britton made a better showing than the average opponent, but his work did not indicate that he ranked with the stock-yards expert.

Willie Ritchie now says Packey can have a match at 133, weigh in six hours before ringtime. From what I am told Willie would have quite as hard a job making 133 as McFarland. "They tell me" the champion has taken on much beef and scales well over the 140 mark. If this is the case Manager Nolan should have no reasonable objections to offer to a match with the Chicagoan, but I doubt very much if he would consent should it come to a show down.

Mayor Harrison, of Chicago, attended the McFarland-Britton contest and afterwards declared it a "scientific treat." Mr. Harrison made a hit with local fight fans by praising the sport as conducted here. He advanced the opinion that there could be no possible objections to boxing under proper restrictions, and that personally he is in favor of the passage of the bill now pending in the Illinois legislature which will legalize limited exhibitions.

Mayor Harrison is my idea of a liberal minded executive. He does not consider it beneath his dignity to attend a boxing match, nor to lend his official endorsement to a move-

ment to revive the sport in his own city.

If boxing is legalized in Illinois it is hoped that those who are placed in charge of the sport will profit by some of the mistakes made by the New York commission. For one illustration take the "no-decision" ruling. This was framed to prevent betting on bouts. As a matter of fact there is every bit as much betting under the present method as there would be if the referee decided the bouts. All under the system of deciding money on "newspaper" decisions the opportunity for crooked work is increased rather than diminished.

With very few exceptions fight fans want referee decisions. Frank O'Neill, chairman of the commission, realizes that the ruling was a mistake and had declared in favor of a revision which will authorize the arbiters to name the winners and losers. But his conferees have failed to see the light as yet and refuse to make the desired change.

That it is not in New York City alone the ruling has been found objectionable is indicated by the following article from the Buffalo (N. Y.) News, of which Jim Parke, a well known up-state expert, is the sporting editor. The News in a recent issue says:

"It is an imposition on the public that a referee under the Frawley law is placed in such a position of irresponsibility. What is the use of having a referee if the power to make a decision is taken away from him? It is supposed that he is curtilage of his power is to prevent betting on a result, but it does not accomplish that end as everybody knows, and the result of conflicting newspaper opinions is confusing and unsatisfactory. The News has certainly gone the limit to give justice to all when, as it did last night (the Jimmy Duffy-Kid Curley match), it employed four men on the job, and this decision of a draw is a consensus of opinion of these four experts. But that is a job for a referee and not for a newspaper or newspapers."

I have been arguing for decisions ever since the Frawley law went into effect. My knowledge of the conditions governing boxing exhibitions told me that the ruling against them would prove a decided boomerang so far as the gambling end of the game is concerned. Might as well try to stem the tides of the ocean as to stop red blooded men from occasionally taking a chance with a bit of change on boxing matches.

It is said that the athletic combination Billy McCarney has on tour and of which Luther McCarty is the head liner, is not making the money his promoters expected. Expenses of touring around a few high-priced stars eat up the gate receipts very fast, and there's little left for McCarney and McCarty when the other boys have received their "bits."

Richard Kiegin, who promotes fights in Paris and St. Petersburg, and any old place where there is a chance to get the money, tried to persuade McCarney to agree to fight Tommy Burns in France. When the proposition was put before Billy McCarney he is said to have asked for a guarantee of \$30,000, training expenses, and round trip tickets for two.

Johnson asked that much money to box Langford and was called a "hog." Yet Johnson is a world's champion. McCarty is hardly out of the preliminary class, and many seem to think he has not yet graduated.

It is needless to add that McCarty will box Burns in Paris under Kiegin's auspices, but if business with the "troupe" doesn't pick up materially it is a cinch that Billy McCarney will have his big meal ticket back on the job somewhere pretty soon.

Tom McCarney has three championship contests "on the fire." First comes Kilbane and Dundee for the featherweight title. Then, if McCarney's plans do not miscarry, Johnny Coulton will box Kid Williams for the bantam crown on Decoration Day. The piece de resistance is to be saved for the Fourth of July—Willie Ritchie versus Rivers or Wolgast.

## Your Plumbing

Equipment is important. Upon its efficiency may depend the health of your household. Insure the dependability of your equipment by seeking the aid of careful and experienced plumbers. Our service in workmanship and system design is modern and efficient.

## THE TRAIL OF THE LONESOME PINE.

"The Trail of the Lonesome Pine," which is announced to appear at the Grand, Monday, March 17, is a play that presents Eugene Walter's ability as a dramatist in a new light. It was no small task to take the widely read book of John Fox, Jr., and transfer to the stage the wild, untutored mountain girl, June, and the other delightful original characters of the charming narrative.

There was need indeed of an artist of deep imagination and virile style to catch and reproduce the spirit that Mr. Fox injected into his book, and the fact that Mr. Walter has visualized what millions have dreamed of, is apparent by the magnificent production made of the play. In Boston, New York and Chicago its success was marked and it enjoyed long runs to the biggest receipts of late years.

**CHOSEN TRUSTEE.**  
R. C. Reynolds was elected a trustee of Jacksonville Lodge No. 152 Knights of Pythias, at a meeting held Friday night.

## Don't Abuse a Man Sick With the Liquor Disease!

Send Him to Us and We Will Cure Him!

The Keeley Institute, Dwight, Illinois  
Beautiful Location, Desirable Surroundings, Finest Accommodations.  
Fireproof, Equipped With Every Modern Convenience for Comfort and Safety.

### How the Keeley Treatment Cures

The Keeley treatment is a reconstructive tonic which restores the nerve cells to a healthy condition. When this is done the "craving" disappears, because, like a cough, it is merely a symptom of a disease and not the disease itself. The treatment is absolutely non-injurious and causes no sickness. There is no confinement of patients. The general health improves from the first day.

### Result of the Keeley Treatment

It frees the patients, absolutely, from all craving, appetite and necessity for alcoholic stimulants. The man is also vastly improved mentally, physically and morally. His head is clear, mind active, appetite and digestion good, eyes bright. His desire for drink is gone, he is disgusted with his former life, and filled with ambition to "make a fresh, clean start."

### Write for Complete Information

Booklets and full information about the Keeley Institute and the Keeley Treatment sent sealed, under plain cover. All communications strictly confidential.

Yes! Cure him! In the last 32 years 400,000 men have been cured of the disease of drink by the Keeley Institute.

### Drunkenness Is a Disease

The man who drinks to excess is to be pitied and helped—not abused.

Abuse will not cure a man of typhoid fever, or smallpox, or brain fever. Neither will it cure him of the liquor habit, which is a disease of the nerve cells requiring special treatment.

Dr. Keeley's definition of drunkenness is now universally recognized as absolutely correct. He says:

"It is a condition wherein the nerve cells have become so accustomed to performing their duties and functions under the influence of alcohol that they will no longer perform those duties and functions properly and painlessly except when under its influence."

There is little or no hope that, unaided, an inebriate can or will stop drinking of his own accord or by the exercise of his own enfeebled will power.

We also cure Opium, Morphine and other drug addictions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request.

Home remedies are prepared and sold by us for the cure of the Tobacco Habit and many forms of nervous troubles. Send for printed matter today.

We have a Chicago office, Suite 906 Rector Building, 79 West Monroe Street, where arrangements may be made.

Sermon, 7:30 p. m., "The Crystal Gospel." Services each evening this week at 7:30 p. m., except Saturday evening. A cordial invitation is extended to all to attend these services.

Grace—J. W. Miller, pastor. Sunday school at 9:30. A special program will be given. Preaching service at 10:45. Subject: "God's Man." At this service the new members will be received into full membership in the church. A baptismal service both for little children and adults will precede the reception of members. Junior league at 3. General class meeting at 3. Epworth league at 6:30. Preaching at 7:30. Subject: "Can we do as we please with our own?" Some fine selections will be given by the chorus choir.

Brooklyn—Brooklyn Sunday school is on the boom. Prof. Reid and his excellent corps of teachers will be glad to see you at 9:30 prompt. Sermon, 10:45. "Foolish Burdens." Juniors at 2:30. Seniors at 6:30. Evening, 7:30, a very special sermon on "Paying For Loafing." Brooklyn enjoys a splendid night audience. The services are full of enthusiasm and you will enjoy every minute. Welcome. The men are expecting another "duck feast" soon. Special music as usual all day Sunday.

Salem Evangelical Lutheran, East College street—Rev. J. G. Kuppfer, pastor. Sunday school at 9:30 a. m. Divine services in German at 10:30 a. m. and in English at 7:30 p. m. with holy communion. Preparatory

at 7 o'clock. On good Friday there will be German services at 10 a. m. and English at 7:30 p. m. All are welcome.

Mt. Emory Baptist—Rev. A. A. Russell, pastor. Preaching at 10:45. Text, Gen. 22:1-2. Subject: "Abraham Offering His Son." Sunday school at 2:30. Mrs. Bryant and Mrs. Moore, superintendents. Miss Irene A. Russell, organist. The W. V. V. club will render an excellent program, beginning at 7 o'clock, and all are requested to be on time. Mrs. Pauline Moore, president. Preaching at 8 by pastor. Text, Acts 9-39. Subject: "Worship, a Model For All Women." The choir will sing as usual. Miss Catherine Hayden and Mrs. Ida McCree, pianists. E. W. Hayden, chorister. Everybody welcome.

First Church of Christ, Scientist—Regular services are held in the Huntington building, 333 W. State street on Sunday at 11 a. m. Subject "Substance." Sunday school at 9:45 a. m. Testimonial meeting Wednesday at 7:45 p. m. The reading room is open each week day from 2:30 to 4:30 p. m., where all the writings of Mary Baker Eddy and all the publications of the Christian Science Publishing society are for sale or perusal. The public is cordially invited to attend the services and visit the reading room.

State Street Presbyterian—Howard D. French, minister. Morning service, 10:45. Preaching by the pastor. Topic: "The Alabaster Box." Vesper service 4:30. Sermon subject, "The Livingstone Centenary." The week before Easter will be observed as a week of prayer. Meetings each evening except Saturday from 7:30 to 8:15. The public is cordially invited to attend.

Westminster Presbyterian—Corner West College avenue and Westminster street. L. H. Davis, minister. Bible school 9:30. Bible class for men at same hour. W. J. Brady teacher. Morning worship 10:45. Y. P. S. C. E. 6:45. Evening worship 7:30. Special sermon on "The Life and Work of David Livingstone."

McCabe M. E.—A. E. Miller, pastor. Sunday school 9:30 a. m. Mrs. Anna Jenkins, superintendent. Preaching by pastor at 11 p. m. Text St. Luke 12:21. Epworth league 7 p. m. Preaching 8 p. m. There will be a Chicken supper given at the church Thursday evening.

German M. E.—Devine service at the regular time 10:30. You are cordially invited to attend. F. Gruenewald.

Northminster Presbyterian—Mr. Scofield, general secretary of the Y. M. C. A. of Bloomington will occupy the pulpit both morning and evening. Mr. Scofield is known all over the country as "Sunny Jim." He is a man with a message and full of sunshine. He is of the "Billy" Sunday type of speakers. All will be well paid to hear this man. All cordially invited to these services. Mr. Scofield will teach the Inevitable Bible class. The pastor will be in his pulpit next Sunday. Sunday

school at 9:30 a. m. E. M. Vasconcellos, superintendent. Christian Endeavor at 6:30 p. m. Prayer meeting Wednesday night. Walter E. Spoons, pastor.

## WOMAN'S COLLEGE NOTES.

Miss Kidder returned Tuesday from a series of readings in Michigan City, Ind., and Kalamazoo, Mich. She went to Pekin Friday night to read for the benefit of the German Methodist church of that city. She read for them "The Passing of the Third Floor Back."

The recital by Miss Parsons, given Monday evening, assisted by Director Swarthout, was one of the most successful and artistic given at the college for quite a while. There have been a number of requests for the repetition of this reading. Miss Parsons has also been asked to give this same reading at one of the churches in the near future. Announcement will be made later. Director Swarthout's work with Miss Parsons was in perfect sympathy and contributed to the success of the evening's entertainment.

Another excellent pupils' recital was given last Thursday afternoon at 4:15 in Music hall. The program for this has already appeared in the paper.

Monday evening Miss Miller will give her recital. Everyone is cordially invited to hear her.

The Lambda Alpha Mu will hold their open meeting on Tuesday evening, the 18th. This is the first public appearance of this new society.

It was with keen regret that the Artists' course committee was obliged to announce the cancelling of Dr. Steiner's engagement for the 15th. He had planned to come in spite of his poor health, but his doctor finally forbade his doing any platform work until he had fully recovered. He now plans to appear in Jacksonville May 6 and it is hoped that nothing will interfere with this date.

Miss Deete Rolfe, who was formerly connected with the science department of the college, has been visiting for a number of days at the school. She left for her home in Champaign Wednesday morning.

TAXES! TAXES!! Are due and payable at the sheriff's office. Bring your last year's tax receipt or a complete description of your property when making payment. W. B. Rogers, Sheriff and Collector.

## TRAFFIC IN FLESH AND BLOOD

It has been said that hard work for a weak sickly woman is traffic in flesh and blood. It makes little difference whether the field of work is at home or elsewhere; but if every woman in the world who goes about her work with backache, headache, nervousness, bearing down pains and the blues would remember that Lydia E. Pinkham's Vegetable Compound remedies the cause of such troubles, work would become a pleasure and life worth living.

## NOTICE TO CONTRACTORS.

Sealed proposals will be received at the office of the undersigned for the erection of a new eighth grade public school building in Jacksonville, Ill., up to 2 p. m. Monday, March 31, 1913, accordance with plans and specifications prepared by C. W. Buckingham, architect, 225 1/2 East State street, Jacksonville, Ill. Bids shall be accompanied by certified check in the sum of 10 per cent of the total bid. All contractors, sub-contractors and dealers in material may submit bids in accordance with plans and specifications on file in the office of the undersigned in the city hall, Jacksonville, Ill. Plans and specifications can also be obtained at the office of C. W. Buckingham. Contractors who desire to take plans from the architect's office shall deposit \$10 with the architect. The board of education reserves the right to reject any or all bids. R. L. Pyatt, Jacksonville, Ill., March 15, 1913.

## Makes Tender Feet Strong and Vigorous

Just Rub on EZO and Pain and Misery Vanish.

Coover & Shreve says if EZO doesn't make your tired, weary feet feel good and comfortable, your money back.

It's a pleasant, soothing ointment that soaks right in and gets right at the seat of trouble. It removes the burning distress from corns, bunions and callouses and is fine for rough and chapped skin. Only 25 cents a jar.

## The Approach of Spring

Every passing day brings us one day closer to spring, as well it brings us a day nearer the spring footwear question. Our shelves are now heavily loaded with large assortments of spring footwear styles. We ask you to make your selections early while the assortments are strong and sizes good.

There is a large assortment of styles and materials. No one style is to be the whole thing. You can make your selection from an unusually large range of styles. Make your selections early is our plea.

### MORTUARY

#### Flynn.

Mrs. Mary C. Flynn, wife of William Flynn died Friday morning at 2:25 o'clock at her residence in Winchester. The deceased was born August 14, 1848 and at the time of her death was 64 years, 7 months and 30 days old.

Funeral services will be held from the late residence on Commercial street in Winchester, this afternoon at 2:30 o'clock in charge of Rev. J. H. Coats. Interment will be made in the Winchester cemetery.

#### Clancy.

Mrs. Mary Clancy, aged 84 years died Saturday afternoon at 4:30 o'clock at the residence of her nephew, J. J. Clancy of 428 South Clay avenue, after a lingering illness. The deceased was the widow of Michael J. Clancy, who preceded her in death twelve years ago.

Mrs. Clancy was born in County Longford, Ireland, in 1829 and came to New York when a little girl. She came to Illinois fifty-six years ago and has since resided in this city. Mrs. Clancy was a devout Catholic and was a member of the Church of Our Savior. She is survived by J. J. Clancy and Joseph Clancy of this city, and Mrs. Joseph Kelley of Terre Haute, Ind., nephews and nieces.

Funeral services will be held Monday morning at 9 o'clock at the Church of Our Savior and interment will be made in Calvary cemetery. Friends are requested to omit flowers.

#### BIRTH RECORD.

Born, Friday to Mr. and Mrs. C. C. Crandall of 302 West North street a son, William Horace Crandall.

#### HAS PURCHASED HOME.

Homer H. Potter has purchased through L. S. Doane the W. H. Sanford property on Park street and within a few months will occupy it as a home. The house is comparatively new, is modern in every way and exceedingly well built. Mr. and Mrs. Potter will certainly have a home they will enjoy.

#### HAVE STARTED HOMEWARD.

Mrs. E. E. Crabtree, son Leonard Farrell Crabtree and Miss Alice Wadsworth, who have been making an extended stay at Hotel Galvez in Galveston, are now guests at the home of Mr. and Mrs. J. W. Crabtree in Lawton, Okla. They are expected in Jacksonville about March 28th.

#### THE BIRTH RECORD.

Born to Mr. and Mrs. Robert Spainhower, north of the city, Saturday, a son.

#### PROBATE COURT.

Estate of Mrs. Julia Newby, deceased. Letters of administration to issue to Walter and Clarence Newby, bond \$500.

#### HAVE MOVED OFFICE.

W. S. Ehle and Bros., have their new wholesale house ready for occupancy and they have moved their main office to that building.

### MAY CONSIDER WOMAN SUFFRAGE

(CONTINUED FROM PAGE ONE)

ed as some of the items, members of the committee tonight would say nothing. The situation is in a "tentative" stage they declared.

Secretary of State Bryan took occasion in discussing the subject with callers to day to point out that the subject of the tariff had not been discussed between him and any of the members of the committee and that he did not propose to put himself in the position of offering any ideas on a subject that was executive. While Mr. Bryan did not intend to be quoted, his talk was in connection with rumors of differences of view among Democrats including himself.

The experts employed by the committee will be busy tomorrow and Monday working on the results so far accomplished in the final form of the revision.

#### Olney Declines.

President Wilson received with regret to day a letter from Richard Olney of Massachusetts, former secretary of state under President Cleveland, declining for family reasons, the offer of the post of United States ambassador to Great Britain. Anxious to fill that post quickly as possible the president probably will make an appointment within a few days, but it was said he had not decided definitely upon any individual. He wishes however, to fill this important post before he settles any other diplomatic position and is said to favor a man literary as well as diplomatic. Though no names came forward conspicuously to day, it was thought the president might choose a man hitherto mentioned for other European posts. These include David R. Francis, of Missouri; Thomas Nelson Page of Virginia, Augustus Thomas of New York, Judge George Gray of Delaware; William Church Osborne of New York and Edwin A. Alderman, president of the University of Virginia. Chairman William F. McCoombs of the Democratic National committee told the president some of the details of the pre-convention fight in various states. While President Wilson is not making his appointments on the basis of pre-convention, it was said that the alignments of divided Democracy before the Baltimore convention was a better indication of what Democrats are Progressive than in the campaign that followed when the standard bearers were given united support everywhere. The president is to be in frequent conference with Mr. McCoombs until some of the most important appointments are disposed of.

THE ORIGINAL CREATIONS IN MILLINERY FROM THE AMERICAN FOREMOST MILLINERY FIRMS SHOWN AT STRAUSS' EMPORIUM.

#### SOLD HOUSE AND LOT.

The property of the late Mrs. Nancy Vertrees at Murrayville consisting of a house and lot was sold Saturday to A. H. Kennedy for \$975. C. Justus Wright was the auctioneer.

## TAYLOR'S GROCERY

A Good Place to Trade.

## Barrington Hall

The Baker-ized Coffee.

In a Pound of Ordinary Coffee You Get	In a Pound of Barrington Hall You Get
A handful of chaff and dust	No chaff
The dirt and foreign matter common to coffee (not Baker-ized)	No dirt or foreign matter
Balance of pound pure coffee	One pound of pure coffee
Cost per pound 25c to 40c	Cost per pound, 40c
Cups of coffee, 40 to 50	Cups of coffee, 60 to 80

40 Cents

You get what you pay for. The best coffee naturally commands the highest price. But Baker-izing placed the best within the reach of all.

### BRIDE COMES FROM SPOKANE TO WED JACKSONVILLE MAN

Miss Cleo Beatrice Hutchinson becomes the Bride of Richard Matthews at Home of Groom's Parents.

The marriage of Richard F. Matthews and Miss Cleo Beatrice Hutchinson took place Saturday evening at 9 o'clock at the home of the groom's parents, on South East Street, Rev. Hy S. Alkire, pastor of Brooklyn M. E. church officiating. The marriage was witnessed by immediate members of the family, and is the culmination of a courtship which began while the groom's parents, Mr. and Mrs. Frank Matthews were residents of Spokane, Wash., the home of the bride. She arrived in Jacksonville at 4 o'clock where she was met by the groom and they decided that the marriage should not be postponed a single day. A delightful luncheon followed the ceremony.

The bride is the daughter of R. H. Hutchinson of Spokane and is an attractive and accomplished young woman. The groom was born and reared in Jacksonville where he is well known. He is engaged in the confectionary business in Pittsfield, Ill., where he and his bride will reside after April 1.

**Campbell-Cruzan.**  
The marriage of Charles E. Campbell and Miss Leah D. Cruzan was solemnized Saturday afternoon at 3 o'clock by Rev. Clyde Darsie, pastor of the Central Christian church. The ceremony took place at the home of the minister and was witnessed by Garrett Cruzan and Miss Elta Cruzan, brother and sister of the bride and C. C. Quinn.

The bride is the daughter of Mr. and Mrs. G. H. Cruzan of 835 West Superior avenue. She went through her junior year at the high school and is a member of the Christian church. She has a wide circle of friends who will wish her a happy married life. The groom is the son of Mr. and Mrs. C. E. Campbell Sr., of 701 South South East street, the family having moved here from Waverly. Both he and his bride have been employed at the Jacksonville State hospital. The groom was a farmer previous to coming to the city and the young people later on expect to move on a farm.

#### FUNERAL NOTICE.

The funeral of Charles Gilpin, who was killed in the storm near Pisgah, will be held this afternoon at 2:30 o'clock at the Gillham undertaking establishment. Instead of the Salvation army barracks, interment will be made in Jacksonville cemetery. The remains were brought to this city from Pisgah Saturday morning.

Chicago, March 15.—M. Prosser of Chicago has furnished the University of Illinois at Champaign with a pretty romance by eloping with H. H. Harwood of Carrollton, Ill., also a student. They were married here last week.

Until You've seen our  
spring exposition of  
quality clothes---

you haven't feasted your eyes upon the cleverest creations of America's leading manufacturers. We are showing at least one hundred separate and distinct patterns in men's and young men's suits. This precludes the possibility of your not finding something to trike your fancy.

New Norfolk styles, two and three button coats, 30 to 33 inch lengths; serges, self stripes and all the new fancy novelty effects; the values are unusually strong at

\$15, \$20 and \$25.

## Final Touch to the Complete Home

### THE SELLERS KITCHENEED

The Sellers Kitcheneed Will Meet All Your Requirements

This kitchen cabinet is unlike, and far in advance of; any kitchen cabinet ever built. It is made in all respects exactly like the illustration, of the best materials throughout. Has sanitary base with high feet, giving ample room for sweeping; polished metal sliding extension table top that draws out and gives an abundance of working space, so arranged that all parts are instantly accessible for thorough cleaning; automatically tilting and lowering removable flour bin (capacity 60 pounds) with glass front and permanent rotating sifter bottom, always ready for use, the only airtight, dust and vermin-proof flour bin make on any kitchen cabinet today; original and exclusive patent glass sugar receptacle, with screw top and sliding lever delivery at bottom, attached to door closing compactly into the compartment; equipped with removable metal-lined cooling cabinet with wire shelves, ventilated by means of an unique, original system. Has non-rustable metal bread and cake box with perforated ventilated lid. The interior of the entire upper part of the cabinet is finely and durably finished with many coats of the very best of white enamel. Has coppered finished trimmings and strong, easy running steel casters. The entire arrangement is such that all parts are conveniently accessible, affording the utmost cleanliness, convenience and saving of time and steps. All corners are neatly rounded, improving its appearance and precluding all possibility for dust or dirt to accumulate.
